FACULTY OF PHYSIOTHERAPY

ABOUT FACULTY OF PHYSIOTHERAPY

The Faculty of Physiotherapy (FPHY) was founded in 2013 and is aimed at producing competent, skilled, and dedicated physiotherapists in an atmosphere of quality teaching, learning and research. It has been established to produce graduates and postgraduates with knowledge, skills, ethics and sincerity towards society. They are also prepared to work in the health care delivery system and provide medical services to people in both urban and rural areas of the nation.

WHAT MAKES US STAND OUT?

- 1. Academic Excellence:** The students undergo not just physiotherapeutic input but also comprehensive grooming in all curricular and extracurricular activities. Regular conferences and workshop expert talks are conducted to create awareness about upcoming concepts and skills.
- 2. Diversity and Inclusion:** Students get a chance to work and interact with people from all over the country, and the knowledge and diverse perspectives available contribute significantly to their growth.
- 3. Research and Innovation:** The faculty has produced a total of 102 publications in Scopus/Web of Science/PubMed/UGC care-listed journals in the last 5 years. Our students team up with faculty members to create innovative devices that help them develop their entrepreneurial skills. FPHY has successfully published 6 patents for their design utility and 5 copyrights for designing protocols.
- 4. Career Service and Industry Partnerships:** Faculty provides 100% placement assistance to eligible candidates through industry mentors in the form of mock interviews, industrial visits, workshops, industrial internships, bootcamps, and networking events with potential employers. Aligning students with industry requirements for placements and providing them with career services is supervised by CRC.

“Physiotherapy combines my love for science, working with people, and physical activity. I have always been fascinated by the human body. SGT University was an easy choice because I would hear such good things about the course. I have really enjoyed being taught by passionate professors. The course has opened my eyes to the large scope of practice and the various streams of physiotherapy work.”

Hemant Kumar

“Being a student here at the Faculty of Physiotherapy, SGT University, I get to see the world around me from a wider perspective. The teachers not only focus on our academic growth but also on our personalities. The support from my department and platform, whether in the form of competition or practical exposure, helped me showcase my best self.”
