ABOUT SGT COLLEGE OF PHARMACY

SGT College of Pharmacy came into existence with its first batch of B. Pharmacy and D. Pharmacy programmes in the year 2015. This institution is growing with state-of-the-art facilities and infrastructure for providing modern and ethnic education and research. It got a NIRF ranking among the top 100 pharmacy institutes by the Ministry of Education, Government of India. The teaching and learning techniques adopted by the faculty of the institute, which are sound in their specialized subjects, aim at laying the foundation for the students. The faculty at SGT COP is highly skilled and focused on research; 31 of them hold Ph.D.s from prestigious universities.

WHAT MAKES US STAND OUT?

- Academic Excellence:** Imparting a unique experience of developing skill-based responses in a simulated environment of real-life healthcare scenarios at the National Reference Simulation Centre and gaining experiential learning by working together with the team of physicians and other healthcare professionals at SGT Hospital.
- Diversity and Inclusion:** Students get a chance to work and interact with people from all over the country, and the knowledge and diverse perspectives available contribute significantly to their growth.
- Research and Innovation:** SGT COP has research and seminar grants of INR 26.8 lakh from BIRAC, DST, and ICMR. Five more proposals to the extent of INR 45 lakhs are submitted to various funding agencies for approval.
- Career Service and Industry Partnerships:** Faculty provides 100% placement assistance to eligible candidates through industry mentors in the form of mock interviews, industrial visits, workshops, industrial internships, bootcamps, and networking events with potential employers. Aligning students with industry requirements for placements and providing them with career services is supervised by CRC.

Glenmark India Limited

Vardan Gupta
Pharmacovigilance Scientist
Elite Safety Sciences

The Faculty of Pharmacy at SGT University introduced me to the fascinating world of pharmacokinetics and pharmacodynamics. Under the tutelage of esteemed professors, I delved into subjects like medicinal chemistry, drug design, and biopharmaceuticals.

Saurav Goyal

The dedicated faculty members and state-of-the-art laboratories helped me gain hands-on experience in compounding, dispensing, and drug formulation and gave me an invaluable understanding of the practical aspects of the profession.
