Why Choose Us

- An advanced curriculum as per National Education Policy (2020) with emphasis on value-added and multi-disciplinary courses
- Curriculum based on employability, changing requirements of industry, and entrepreneurial skills
- Learn from highly experienced faculty with strong academic credentials and real-world expertise, offering insights from experiences in international universities and global institutions.
- Our courses combine theoretical knowledge with hands-on practical experience, all while focusing on creating a learning environment that is lively, fun and student-centric.
- Core courses in English covering poetry, prose, drama, and literary criticism
- Elective courses customised to student interests
- By connecting India's rich culture and traditions with modern-day issues, we aim to reinvent how Sociology, Politics, International Relations, Economics are taught, making them exciting, experiential and relevant in contemporary career dimensions.
- Language and linguistics courses exploring the structure and evolution of the English language
- Develop analytical skills to engage with complex social issues
- Participate in fieldwork, case studies, and community engagement projects.
- Understand both contemporary and global challenges and grassroots social reality
- Conduct an independent study in multi-dimensional areas of research interests in humanities, social sciences and liberal studies.
- Research-oriented comprehensive curriculum
- International eminent guest speakers
- Teaching methodology in conformity to IMT approach (Interdisciplinary, Multidisciplinary, and Transdisciplinary)
- Foreign languages offered as an integral component of our programmes.
- State of the art TV studios for hosting live debates and discussions.
- Along other multiple facilities we have SGT hospital within our campus

Our Labs

Language Lab aims at developing the listening, reading, writing and speaking skills of students and to acquire their personality. The lab helps the students to train their conversational skills and enhance the efficiency and effectiveness of communication in different situations. At SGT University, the language lab is equipped with Wordsworth Software, which comprised of many teaching and learning manuals on Communication Skills, Forms of Communication, Voice and Accent Enhancement, Pronunciation, Language Enrichment, Speech Fluency, Grammar, Vocabulary Enrichment, Interviews, Professional Communication, Group Discussion, Debate, Role Play Presentations, Public Speaking, Key note Presentation among others.

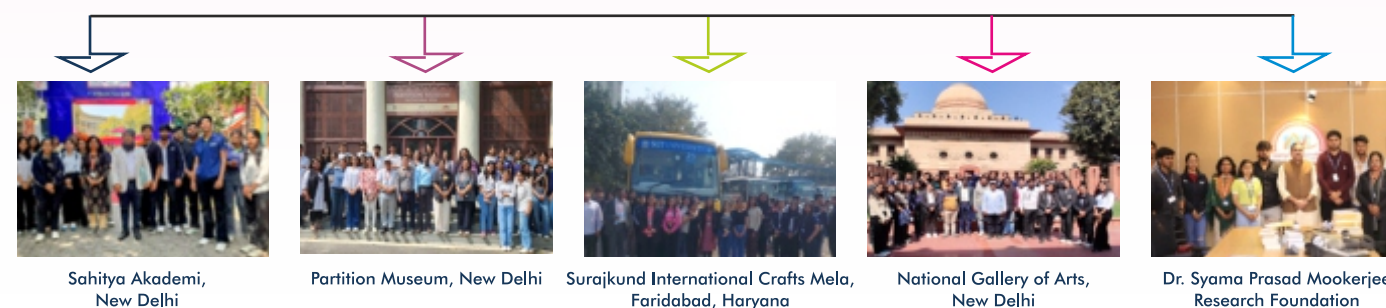

Synergy Projects

The project Seven Up was an innovative project. It was designed to motivate the participants to develop social as well as cognitive skills and improve their short-term memory. The demand of the project was that the participants had to be quick in thinking and speaking spontaneously. It helped them to develop qualities like quick wit, sharpness and smartness in public dealing. The outcome also included vocabulary building, confidence and fostering team spirit.
