Annual Report 2019-20

Message from the Vice Chancellor

Shree Guru Gobind Singh Tricentenary University, the center of excellence for the realization of dreams of inquisitive young minds eager to pursue higher education in innovative and job-oriented courses was established in January 2013 by Haryana private universities Act No. 8 of 2013.

The University has taken a stride forward in its development by establishing 18 faculties and offering more than 160+ courses in less than seven years. As a temple of learning, the university is committed to upholding the sacred objective of transforming the young participants as human assets through multi-dimensional pedagogy blended with innovative course curricula, the latest teaching methods, hands-on training, and intensive personality development and mentorship programs. In addition, the university has state-of-the-art infrastructure, hassle-free community life, and well-qualified, experienced, and dedicated faculty. To inculcate innovativeness amongst the faculty and students, the focus of the university is on conducting Research, Seminars, Conferences, Continuous Medical Education (CME) programs, and workshops. We are stepping forward in a direction endeavoring to become one of the best universities in the region.

The University organizes regular Techno Fests to promote the innovative work of our faculty and students. Inspired by the initiative of the Central and State Governments, the University organized a three days Techno Fest “**The Synergy- 2019**” in which students from all the faculties of SGT University, Technical Institutions, and Schools particularly those located in rural areas of NCR, participated and showcased their talents by displaying creative and innovative models developed by them. In these three technical festival days, nearly 22000 school students visited the event held on the university campus.

We have established the UNESCO bioethics Unit of the International Network of Bioethics to train potential teachers, students, and paramedical staff, and to develop an up-to-date syllabus for medical ethics education.

On the track record of placement, our students have been selected for Indian Administrative Services, Indian Police Services, Army Dental Core, UNICEF, UAE, Haryana Health Services, Health Reporters in NDTV and other News channels, Corporate Sectors, Universities, Colleges, Clinics, Hospitals, and others organizations of repute in India and abroad. To strengthen placements, the University has established a Corporate Resource Center manned by a strong team of Corporates.

Apart from experienced and dedicated faculty, and modern infrastructure of well-equipped Research Laboratories; SGT University has Internal Quality Assurance Cell (IQAC), Incubations Center, well-stocked Libraries, auditoria, a wi-fi campus, residential facilities for students and employees providing ample facilities through recreational clubs, indoor/outdoor games and cultural activities.

In its social role, the University provides health services in its Hospitals at affordable charges. The Dental Faculty every year treats over 15500 patients through more than 200 free dental camps at rural outreach locations. The Nav-Muskaan Cleft Lip and Plate Center of the University provides a comprehensive cleft lip and palate treatment. In the last year, the center conducted more than 250 surgeries successfully, free of cost.

Inspired by Swa-Prarit Adarsh Gram Yojna (SPAGY) launched by the Government of India, the SGT University has established the Center for Rural Upliftment for providing free of cost doorstep Medical, Civil, Legal, Social, and other similar facilities to make the adopted village Budhera to develop it as an educated, healthy, socially harmonious village. The University is also providing doorstep free-of-cost medical facilities to 50 other nearby villages in Jhajjar District under the outreach program. The faculties of Medical and Dental Sciences of the University have also adopted Government Schools of Garhi Harsuru, Iqbalpur, Kaliawas, Sultanpur, Ullawas, Sudharna of Gurugram villages, and JJ School of Education, Farukh Nagar to provide free health care services on regular basis.

Based on the achievements enumerated above, in a short span, we are confident that the university shall make a mark for higher accomplishments with more dedicated efforts in the forthcoming academic sessions.

Shree Guru Gobind Singh Tricentenary University was established on 24th January 2013 by the Haryana Private Universities Act No. 8 of 2013 to spread the messages of Shree Guru Gobind Singh Ji for the upliftment and betterment of mankind that can be best achieved through specialized and quality education. The university is founded on the pillars of developing leadership, encouraging innovation, and inculcating strong ethics along with its dedication to achieving the objectives through academic excellence in all spheres of knowledge.

The university has developed a 62 acres lush Green Campus in NCR at Budhera in the vicinity of Gurugram, the emerging commercial and education hub of the country, with modern infrastructure and an excellent academic aura. In keeping with its vision and mission, the campus has been designed with a great sense of aesthetics to provide an eco-friendly environment and ambiance to stimulate the learning process.

In less than six years of its establishment, the university has taken long strides in appointments of highly qualified, experienced, and competent teaching and non-teaching staff, the creation of modern classrooms, well-equipped labs, a rich library, internet services, playgrounds, clubs for extra and co-curricular activities, boys and girls hostels, residential accommodation, transport, and other essential facilities.

After making a hallmark in the medical sciences, now the university is imparting knowledge and developing skills in 160+ courses through its 18 Faculties ranging from Undergraduates, Postgraduates, and Doctoral programs. For the exposure of the faculty and students to the latest and advanced developments in their respective disciplines, the university has organized several Continuing Education Programs (CME & CDE) Seminars, Conferences, Workshops, and specialized lectures by eminent academics and corporates during the period under review. During the academic session 2019-20, the teaching faculties of various disciplines have published more than 400 research papers in reputed journals along with the publication of a good number of books and chapters in their respective subjects.

Currently, the University imparts education from Undergraduate to Ph.D. level in the Faculties of Medicine & Health Sciences, Dental Sciences, Nursing, Allied Health Sciences, Physiotherapy, Commerce & Management, Law, Hotel & Tourism Management, Engineering & Technology, Mass Communication & Media Technology, Physical Sciences, Behavioural Sciences, Indian Medical System, Agricultural Sciences, Fashion & Design, Education and SGT College of Pharmacy.

Objectives

- Imparting undergraduate, postgraduate, and doctoral level education in almost all disciplines.
- Integrating and developing facilities for innovative and interdisciplinary research.
- Imparting training to participants in important areas of science and humanities to make them globally competitive and acceptable.

Vision

To provide opportunities for Learning, Research, Innovation and advancement of knowledge in the field of higher education.

Mission

To serve the Nation by imparting inclusive, innovative & holistic education. This is being achieved through modern teaching modules, hands-on training, promoting research, proactive community activities, and human resource development through explorative job-oriented programs.

CHAPTER - 2

2 Faculties of the University

The university is imparting education for various courses through its following 17 Faculties:

2.1 Faculty of Agricultural Sciences

Realizing the need for well-trained agricultural graduates and postgraduates for public and private sectors and also for more and more demand for agricultural produce and processed products, it was envisaged to start the Faculty of Agriculture at SGT University, which was started in the academic session 2016-17. To meet the increasing demands from continuously decreasing arable land, innovative technologies and technical know-how in the fields of agriculture and allied areas remain the only solution to the most important issues. To achieve the desired results, the need of the hour is to train agricultural graduates and postgraduates with the latest knowledge along with innovative and modern research experience in agricultural and allied fields. The innovatively generated modern technologies applied to the farmers' field will help in achieving the desired goals. Initially graduation program i.e. B.Sc. (Hons.) Agriculture was started with an intake capacity of 90 seats. The course curricula were designed to produce competent graduates capable of competing at national and international levels.

The faculty also started Master of Science in Agriculture (M.Sc. Agriculture) in two disciplines, viz. Horticulture-Fruit Science and Agronomy from the academic session 2019-20. The syllabi and curricula are as per the ICAR requirement, as well as the market demands. The courses taught in the degree equip the graduates to find career opportunities in educational, research, and management fields in the public and private sectors. They can develop as entrepreneurs in agribusiness activities.

The Faculty of Agricultural Sciences (FASC) comprises meritorious and competent teachers from reputed institutes, adopting the latest teaching methodologies to groom students. Updated knowledge is imparted to the students. Students are involved in practical programs in the field right from the sowing of seeds to the harvest and in laboratories for a different analytical part. The emphasis is on using hands-on training in teaching to transform the students into industry-oriented on completion of their degree. In the last year of the undergraduate degree, the students are offered a set of courses under the Module System, taking them to specialization in different fields of their interest.

Along with teaching, emphasis is also laid on research activities. During this period, many research projects have been handled by the faculty members. A crop cafeteria, including several vegetable and field crops, has also been established for making the beginner students acquainted with various crops.

2.2 Faculty of Allied Health Sciences

The allied health Sciences has become a very sought-after field of education looking at the importance it has gained over the years resulting in a huge gap of such professionals. To cater to this demand to whatever extent possible, Shree Guru Gobind Singh Tricentenary University entered the field of paramedical education with the introduction of degree and diploma courses in subjects such as Medical Laboratory Technology, Operation Theatre Technology, Radio-Imaging Technology, and Optometric Technologies in 2013.

The Faculty introduced specialized graduation courses in Neurophysiology Technology, Nutrition, Dietetics, and Sleep Science in 2014, M.Sc. in Radio Imaging Technology and Nutrition and Dietetics in 2015 to cope with the market need for specialized technical professionals. In progression to this B.Sc. in Microbiology and M.Sc. in Environmental Science were started in 2016 and M.Sc. in Medical Laboratory Technology, Operation Theatre Technology, and a Master of Optometry in 2017. A Paramedic is a professional who helps doctors in specialized areas and facilitates better diagnosis, treatment, and therapy. The increase in the number of patients, the variety of diseases, and the demand for immense treatment have paved the way for paramedical professionals who are expert technicians or therapists providing better quality human healthcare. Paramedics are key players in the Health & Medical Sector. Without paramedics, the entire health industry may become almost non-functional. The demand for laboratory technologists will always increase, as the number of multi-specialty hospitals, and laboratories are increasing. The career of a lab worker depends on academic and technical skills. A certified medical laboratory technologist may find an ever-growing career in a hospital, minor emergency centers, private laboratories, blood banks, doctor's clinic pathology lab, and various clinical research centers. Technologists can advance to supervisory or management positions in labs and hospitals. They can also work as Laboratory managers, Health care administrators, laboratory information system analysts, Educational coordinators, etc. Additional opportunities are available in molecular diagnostics and molecular biotechnology. All the courses offered by the Faculty are approved by Govt. of Haryana. The University has tie-ups with many super specialty hospitals to groom the students with all the latest technologies and to provide them with wider exposure to the health industry. We offer a regular mode of teaching supplemented by intensive and rigorous practical training that equips the students with knowledge of the latest techniques and trends so that on completion they can emerge as fully trained and thorough professionals. Aiming to provide higher education in the technical field and to enhance career opportunities, the Faculty of Allied Health Science is also offering Post-Doctorate courses in Radio-Imaging Technology, and Nutrition & Dietetics.

2.3 Faculty of Behavioural Sciences

The Faculty of Behavioral Sciences (FBS) was formally established as an independent entity in 2014 with the Department of Clinical Psychology. In 2017, the Department of Audiology & Speech Language Pathology (ASLP) was added. The RCI-approved M. Phil Clinical Psychology course was introduced in 2017. Several RCI-approved courses - Post-graduate Diploma in Clinical Psychology, Bachelor of Audiology, Speech Language & Pathology (BAS&LP), B.Ed (Hearing Impairment and Intellectual Disability) D.Ed (Hearing Impairment, Intellectual Disability, and Autism Spectrum Disorders) are being proposed from the academic session of 2019-20. Since the

inception of the faculty, Ph.D. in Clinical Psychology/Psychology was introduced in the specialized and applied areas of Psychology.

The faculty has the latest infrastructure equipped with state-of-the-art lecture rooms, a laboratory with psychological experiments and testing facilities, library facilities, and affiliation with OPD/IPD of the Psychiatry department. The vision of the faculty is to produce high-quality Psychologists for the Nation and global communities; to make significant contributions to the science and practice of psychology in real-life situations; and to produce professionals with sound ethical, legal, and moral values.

- The faculty embraces participatory, experiential, discursive, and student-centric practices in its teaching-learning endeavors. The following are hallmarks of our teaching approach:
- Project Based Learning/Dissertation/Case Study presentations/Student seminars
- Regular Field Visits/Field Training/Practicum
- Robust Organizational Interface with Mental Health Organizations and Experts
- Role Plays, SIS, Group Discussion, Problem-Based Learning, and Invited Lectures
- Critical Evaluation and monitoring of Teacher Quality through periodical assessment.
- Summative Assessment based on multimodal pedagogy
- Organization of lectures, conferences/seminars/workshops, symposia, etc.

Since SGT University has a major focus on health and health-related disciplines, the FBSC is an integral part of all the community programs run by the University in nearby villages with special responsibility for the mental health component. It provides good exposure to the students in real-life settings and more so, the sensitivity to the needs of the rural areas, which usually remain outside the mainstream of educational and service provisions.

Our mission is to prepare psychology students to have a significant impact in their communities, and to continue to develop and expand the field of psychology in new and exciting ways. To safeguard our strong academic tradition, we impose high standards on all our students and help them to acquire the knowledge, attitude, and skills to understand the intricacies of mind and behavior. Psychology graduates are highly sought after by a wide variety of employers because they possess unique skills and competencies.

Students are offered an ideal combination of interdisciplinary, professional, and academic excellence. We are constantly working towards our mission of delivering quality education and standard professional training, both on- and off-the campus. With a renowned, experienced, and trained team of faculty members from institutes such as CIP, RINPAS, MDU, Jamia Millia Islamia, Delhi University, etc. the FBS departments boast a high-quality teaching and mentoring environment. We are offering an environment that helps students and faculty both, to maximize their potential in academics, research, and innovation, and as excellent practitioners.

Training and Placement

Clinical Psychologists and counselors are in increasing demand in various professional settings that deal with mental health needs. The role of clinical psychologists is being rapidly recognized in health care and they are consulted for a variety of purposes, ranging from assessment, therapy, and rehabilitation to expert advice. Applied psychologists are also engaged in school setups, working with NGOs, hospitals, industry, organizations, community settings, and so on. Our

uniquely designed curriculum is based on a choice-based credit system (CBCS) following the guidelines of UGC and the current needs of the community/society. It covers not only the foundational/theoretical aspects of the discipline but also integrates practical and field training needed to be a professionally skilled graduate. Project/dissertation work also provides research skills training.

The Faculty of Commerce and Management commenced its operations in the academic session 2013-14 with five professional undergraduate programs including BBA-G, BBA-HA, B.Com (Pass), B.Com (H), and integrated BBA, and later in the year 2015. It also started three postgraduate programs including MBA, MBA-HA. In the same year, the faculty also started a doctoral program leading to a Ph.D. degree. It is one of the premier faculties of the university in terms of its core competencies. The Faculty has made the mark in strengthening its thrust areas like Marketing, Finance, Human Resources, International Business, Accounting, and operations with the latest curriculum. With the growing market demand and enrichment of intellectual and physical resources of the faculty, it has also been decided to start B.A. (Hons.)-Economics and MA (Economics) from the session 2018-19. Besides a core faculty of twenty-one well-qualified full-time faculty members, the faculty enriches the teaching-learning process through practical interventions of experienced corporate executives from time to time. The majority of the faculty members have Ph.D.-level qualifications and are, therefore, engaged in guiding research and undertaking independent research projects. A good number of quality research papers, case studies, and chapters in edited books have been contributed by the faculty members. The prime emphasis in imparting learning is on real-time learning through student interactive sessions, live projects, and case study analysis suitably supported by digital technology.

The Faculty of Commerce & Management is committed to imparting the highest quality of education and exposure to help in developing the next generation of business leaders with a global outlook and capability to adapt to the fast-changing business environment of India and the world at large.

1. Innovative teaching Andragogy
2. Proportional theoretical & practical curriculum
3. Deep concern for learners and nurturing them through effective Mentor-Mentee relationship
4. External exposure for learning and promoting initiative and creativity.

2.5 Faculty of Dental Sciences

The faculty of Dental Sciences was started as SGT Dental College, Hospital & Research Institute in the year 2002 and became a constituent Faculty of the esteemed SGT University from the academic session 2013-14. The Faculty of Dental Sciences, SGT University with its excellent infrastructure, state-of-the-art equipment, and well-experienced and highly qualified faculty has carved a niche for itself in the field of Dentistry and is recognized among the top Dental Colleges across the country. As a source of dental education, the faculty aims at developing the student's, three-dimensional personalities by dealing with:

- Continuous pursuit of knowledge, commitment to excellence & cultivation of moral & ethical values
- General dentistry at the out-reach levels to the masses & needy people
- Basic & Advanced Research related to Oral diseases & Oral health care.

Courses Offered:

- BDS (Bachelor of Dental Surgery)
- MDS (Master of Dental Surgery) in all the nine specialties
- Ph. D in all the nine specialties

The Faculty of Dental Sciences, SGT University provides a very sound platform for the students to be academically strong and clinically competent.

Holistic Development of Students: Besides academics, the students also actively participate in a lot of Extra Curricular programs every year including Fresher's Day, Induction & Orientation Programs, Diwali Fest, Holi Fest, Symphonious (Musical Fest), Inter-College Cultural & Sports fests, etc.

2.6 Faculty of Education

SGT University is constantly working towards its mission of delivering quality education and preparing potential intellectuals in several disciplines. Faculty of Education is another feature in its cap which offers Teacher Education courses like Bachelor of Education and Master of Education.

The Bachelor of Education program comprises three broad interrelated curricular areas-

1. Perspectives in Education which includes courses related to Child Development, Contemporary India, Learning and Teaching, Knowledge and Curriculum, etc. These courses help the students to develop a deep understanding of the basics of the Teaching profession.
2. Curriculum and Pedagogic Studies help in the development of teaching skills that enable one to become an effective teacher.
3. Practical learning, a part of the course curriculum is a visible strength of the program. Such projects enable students in putting their theoretical Knowledge of the discipline into practice leading to the holistic development of would-be teachers.

After completing *B. Ed. Program* students can join the noble profession of teaching in Govt. / Private Schools. They can also find placement as Counselors (with MA in Psychology/diploma in Guidance and Counseling), as Education consultants, and as subject and pedagogy experts in both public and private sector companies.

The *Master of Education (M. Ed.)* program is designed to provide opportunities to students who want to be Teachers, Educators to extend as well as deepen their knowledge and understanding of Education, specializing in select areas, and also developing research competencies leading to specialization in either Elementary Education or Secondary Education. The students of the M. Ed. program can find placements as Teacher Educators in IASEs, DIETs, Directorates of Education, Councils of Secondary/Higher Secondary Education, SCERTs, Colleges of Education, and University Education Departments.

2.7 Faculty of Engineering & Technology

The Vision of the Faculty of Engineering and Technology (FEAT) is to be renowned globally for imparting quality engineering education and research in interdisciplinary cutting-edge technology. The mission of the FEAT is to produce morally conscious competent leaders and engineering professionals. FEAT is truly a dynamic and diverse place offering a broad spectrum of programs in engineering and technology aiming to develop graduates who are ethical, mobile, technologically literate, and ready for multicultural workplaces. Our programs are relevant, and industry related with a strong focus on encouraging creative and critical thinking, problem-solving, and the development of unique leadership skillsets. All our programs are aligned with national priorities yet tailored to meet the demands and needs of the global employment market. With the support of industry experts, it integrates real-world practices with theory ensuring our students are equipped to address complex business problems.

It comprises five departments viz Civil Engineering (CE), Computer Science & Engineering (CSE), Electronics & Communication Engineering (ECE), Mechanical Engineering (ME), and Applied Sciences & Humanities. The FEAT offers UG programs leading to B.Tech. in CE, CSE, ECE, and ME. It also offers M. Tech and Doctoral Degree Programs in Engineering disciplines of CSE, ECE, CE, and ME. FEAT also offers BCA in Cloud Computing and MCA programs.

The programs are articulately designed to meet the needs of industries and other employment sectors and to prepare students for the national and global employment market. FEAT also enables the students to not only build a sound knowledge base in a particular discipline but also

applications widened across the disciplines. The curriculum is carefully designed as per international standards by adopting the most advanced learning systems viz Project Based Learning (PBL), Research-Based Learning (RBL), Cooperative Learning, and other learning tools & emerging learning modes. Classrooms and labs are well equipped with modern teaching aids to facilitate the latest teaching andragogy.

FEAT has established a unique ‘Mentoring System’ through which each student is assigned to a Mentor. Mentor closely and carefully mentor the students to achieve excellence in their endeavours. They play a strong role to ensure that students complete their degree program in a smooth and timely manner. Mentors not only help students to achieve their professional goals but also at the same time act as anchors who provide emotional, ethical, and moral support throughout their tenure at the University. All the advisers have a deep sense of devotion toward maximizing the opportunities for development available to students within the campus and beyond. A mentor is the contact point for parents/ guardians for performance and conduct-related issues of their wards.

FEAT has scholars with expertise in their respective fields of study, and are brought on the board from well highly reputed institutions like NIT/IITs, etc. The faculty members have diverse experiences working in the industry as well as in academics and research. They are dedicated to pedagogical approaches which are student-centric and experiential. Students are given a plethora of opportunities to work on live projects that provide a platform to put theoretical knowledge into practical application.

FEAT is equipped with all modern facilities that include state of art computer labs and a WIFI-enabled campus. The Library is not only well stocked with the latest collections of textbooks, reference books, and scientific journals but also offers e-learning tools for easier access to knowledge. Additionally, it has a very unique feature of the ‘Book-Bank System’ that allows the students to borrow the subject textbooks once for the entire semester. In addition to the facilities mentioned above, students can also avail of amenities like a hostel, mess services, free medical services, a sports complex, a central library, transportation, etc.

Infrastructure & Facilities

FEAT is a prestigious institute of higher learning producing meritorious students with excellent career growth. The students get the best of opportunities in the form of highly advanced courses, eminent faculty members, well-equipped laboratories, a library, hostels, and immense facilities to excel in research and innovation.

1. Continuous program/course improvement through self/outside assessment of program educational objectives and student outcomes.
2. New initiatives and programs with changes in Technology and global interdependence, while serving society and commitment through a technology solution.
3. Exposure to current trends & technologies, practiced by the strong industry liaison.
4. Quality assurance by in-house IQAC cell of academic programs through interdisciplinary accreditation
5. Commitment to the delivery of Knowledge through innovative teaching methodologies.

FEAT organizes several events like industrial visits, educational trips, guest lectures, seminars, and workshops. Students get practical exposure through an industry internship program. Industries like **Aditya Birla, Amul India, Nest Keys, Honda Two-wheelers, Maruti Suzuki, ALP Nishikawa, Corentry Coils-o-matic, Sona steering, Parle, Munjal, HCL, India Mart & Handygo Technologies**,etc.

FEAT organizes a fresher's party **UDAAN** for the first-year students, in which students showcase their talent as soon as they enter the campus. This helps them develop their extra-curricular activities. Mr. and Miss Fresher are selected based on their overall talent judged by the pool of faculty members of FEAT.

2.8 Faculty of Fashion & Design

Fashion is most commonly associated with clothing and lifestyle products. It is normal for fashion trends to change according to the seasons. Each season does bring into fashion a particular color and style. Fashion is not just limited to the female fraternity even men have been taken over by the fashion world. They have become more conscious of what is in and what is not. They pay more attention to their appearance than they did earlier. Children are also aware and prefer to wear what is in fashion. While seasons are a major contributory factor, the glamour world of modeling and acting are the actual fashion leaders. Fashion houses endorse the latest trends through the media. So to know what's happening and what's not, you need to keep a keen watch on what models and actors are wearing, what kind of makeup they have on, and even their hair-do depending on the present fashion trends.

Faculty of Fashion & Design is poised to be a leading institute offering its students an ideal combination of fashion professionals for corporate and academic excellence. We are constantly working towards our mission of delivering quality education and generating new budding fashion professionals.

The faculty of Fashion & Design enables candidates to start exploring the techniques of fashion design by developing skills beyond the basic level to the level required for acceptance. After completing the Fashion Design course candidates who want to become economically empowered and self-sufficient will have developed the skills to assist them in their endeavors. The Fashion Design course is project-based and runs from the concept through to the design to the construction of the end product. Students get to show one look, made and styled by them, at our Annual Fashion Show. Students also do their styled photo shoots with a professional photographer.

Fashion Design Career Opportunities: -

- Fashion designer
- Merchandiser
- Fashion Entrepreneur

Under the regular curriculum, we have three kinds of Undergraduate courses namely:

- B. Design (4 Years Program)
- B. Sc (Fashion Design) (3 Years Program)
- B.A (Fashion Communication) (3 Years Program)

The course curriculum is developed based on corporate demands. The syllabus includes the core depth of the topics, Internships, and projects. The internship especially enhances the student's knowledge through the industry pattern. Projects develop the student's core strength and area of interest.

➤ *Research & Innovation Plan*

In the Post-graduate research & innovation curriculum, we have three courses namely:

- M. Design (2 Years Program)
- M. Sc (Fashion Design) (2 Years Program)
- MBA (Fashion Management) (2 Years Program)

On the PG-level curriculum, a Dissertation/Thesis is given in the second year / third semester to the students. This is a miniature kind of Ph.D. research. A dissertation demonstrates that a student is capable of identifying his or her area of interest, able to explore a subject in depth, manage a research project, define a suitable question and use the appropriate research tools. And at the end of the semester, he/she will submit with a viva-voce in front of the examination committee.

➤ *Doctorate Research & Innovation Plan*

In Doctorate research & innovation curriculum, we have three options mainly:-

Ph. D in Fashion & Design (minimum 3 years)

Due to the increase in demand of research and development in Fashion and Design, Faculty of Fashion and Design is providing Ph.D. degree in upcoming research areas, to contribute to the sustainable development of the society.

2.11 Faculty of Law

In pursuance of its vision of becoming a destination for attaining excellence in Higher and Professional Education, SGT University has established the Faculty of Law (FLAW) in May 2014. To make it a center for socio-legal research, the curriculum has been designed to include various emerging areas in the field of law. Aiming at developing academically competent legal professionals, the teaching of law includes continual organizing of seminars, conferences, and extension lectures on socio-legal issues, which would facilitate students to interact with nationally and internationally renowned legal luminaries. To offer opportunities for educational exchange programs the faculty of law has established tie-ups with leading law schools in India and abroad.

To provide an environment for effective participative learning, the Faculty of Law has equipped itself with spacious Classrooms fitted with LCD Projectors, a well-stocked library, online journals, Wi-fi connectivity, and a well-equipped Seminar Hall. As a flagship, the Faculty of Law has

already organized two “National Moot Court Competitions” in which students from almost 20 Law schools across the country participated. Besides this, legal luminaries including Hon’ble judges of the Supreme Court of India, Hon’ble judges from various High Courts, and Senior Advocates have been kind enough to preside over many of our educational programs.

2.12 Faculty of Mass Communication & Journalism

In the field of media and communications, we live in a very exciting age. The demand for information and entertainment is greater than ever before. A media career is, therefore, highly significant. The Faculty of Mass Communication & Media Technology (FCAM) is a prominent department of SGT University that plugs the increasing demand for media-savvy professionals in India & abroad. The Faculty is fully equipped to train students in Film making & television production, Mass Communication, and Journalism.

At SGT University, we train our students for a highly competitive world by honoring their creative and technical skills. The course is designed to provide our students with complete knowledge of the trade through workshops, field strips, production projects, and the best of equipment - still cameras, video cameras, studios, PCR, lights, and microphones. At SGT University, media is as much an academic discipline as it is an industrial one. It encompasses print, television, film studies, radio, media research, photography, advertising, and public relations.

With the technical knowledge of equipment, we also focus on the creative and intellectual growth of the students. For this, our course structure is top-of-the-line, enabling students to learn the art of reporting, writing, editing, scripting, and anchoring in our state-of-the-art, fully functional TV studios, newsroom, and editing systems. Our focus is on the growth of well-rounded media personalities. To achieve this, we hold distinctive programs. This year, we held our First Film Appreciation course in Association with India’s premier institution, the Film and Television Institute of India (FTII, Pune). It provided a golden opportunity for our students to learn in-depth about Cinema Studies and the functioning of Bollywood. They interacted with and interviewed India’s finest woman filmmaker, Sai Paranjpye, besides other experts from the film industry.

The Mass Communication faculty at SGT comprises committed members of academic and experienced professionals from the Print, Television, and Film industries. Apart from permanent faculty, the department boasts of visits and workshops by renowned and practicing members of the Media industry.

2.13 Faculty of Medicine & Health Sciences

The Faculty of Medical & Health Sciences was set up in 2010 as SGT Medical College, Hospital & Research Institute to offer medical education and research program and provide healthcare services to the necessitous people in its surrounding areas at affordable cost. 2.14 Faculty of Nursing

Nursing is a unique profession, whose primary focus is caring for the sick and provides need-based preventive, promotive, curative, and rehabilitative health care services. Nursing is growing with advancements in technology and digitization. Nursing also aims at providing evidence-based nursing practice. To have nursing services in today's scenario faculty allows the students to gain experience of simulation-based learning. Nursing students are prepared to work in all settings like primary, secondary, and tertiary health care delivery systems

The faculty of Nursing has qualified and experienced full-time faculty members, which provide the right kind of theoretical inputs, and practical & clinical experience. Interdisciplinary professionals are participating in curriculum implementation. The faculty also offers 5 different specialties in the master's program. Ph.D. in nursing will prepare nurse practitioners and

researchers to provide quality care.

Faculty also organizes guest lectures & CNE by expert academicians from different parts of the country. The students of this faculty are placed in meritorious at the university level and also won various trophies in inter-faculty sports & other co-curricular competitions. Nursing faculty are also involved as reviewer articles & editorial board members in different national & international journals. Many faculty members & postgraduate students presented scientific papers and attended conferences.

2.15 Faculty of Physical Sciences

The faculty of Physical Sciences was established in 2014, providing the best quality education and training in the field of Science. Our goal is to change the world by imparting quality education to students. In the academic year 2014-15, the faculty started its academic activity with an undergraduate program, to explore knowledge and building capacities of human resources in the field of natural sciences. In the subsequent year, Postgraduate and Ph.D. programs were started. The Faculty of Science consists of five departments namely,

- Department of Physics
- Department of Chemistry
- Department of Mathematics
- Department of Environmental Sciences
- Department of Forensic Sciences.

Most of the faculty members are either doctorate or NET/JRF qualified and many of the faculty members have a good number of years of exposure in various reputed Universities and Research and Development Organizations. Therefore under the guidance of these august faculties, the students will be better oriented to understand the recent trends in Academics and Research & Development.

The faculty provides state-of-the-art facilities to the students with a quality education that matches global standards and provides excellent opportunities for the students to interact with students of other professional & nonprofessional disciplines to gain knowledge about different cultures,

facilitating their overall development. Due to the dedicated efforts of the faculty members, valuable guidance of distinguished personalities, timely support of university authorities, and unquenching curiosity and enthusiasm of students that the faculty is progressing rapidly in its academic pursuits and frontline research.

CHAPTER - 6

6 Admission Procedure

(As per 1st Ordinance of the University)

Admissions in the University are made strictly on the basis of merit. The merit for admission is determined either on the basis of marks or grades obtained in the entrance test conducted by University or the marks obtained in the qualifying examination. However, the admissions in professional and technical courses are made only through an entrance test.

Unfilled / dropout vacant seats in professional and technical courses are filled up by the University at their own level by considering the marks obtained by the applicants in the qualifying examination and on the basis of their inter-se-merit.

12 Sports And Extra Co-Curricular Activities

A two-day long Sports Meet was organized on the University Sports grounds, devoted to various athletic events that included Race, Shot Put, Disc Throw, Long Jump, Triple Jump, etc. More than a thousand students of all Faculties of the University participated and performed to the best of their abilities. Winners were awarded with Gold, Silver and Bronze Medals along with Certificate of Merit and other participates were acknowledged by awarding Certificate of Appreciation.

On the second day fun games were organized in various events more than a thousand students participated in twenty fun games. The fun games mainly included Lemon race, Sake race, 3-legged race, Water glass on tray race, Passing the ring, Mattki race, Passing the basket ball with folded hands, Biscuit eating race, Apple eating, Push Tennis ball with cold drink, etc. Winners and participants were awarded with first, Second and third prizes, and merit certificates and certificate of participation.

It was proved beyond doubt that the Masters in academics are also good sports persons. The Fun Games, organized under the auspices of SGT University was inaugurated by the Pro Chancellor Dr. Sham Lal Singla. Over 200 teaching faculty members drawn from faculties of Medical, Dental, Physiotherapy, Nursing, Allied Health Sciences, Physical Sciences, Engineering, Law, Hotel Management and Mass Communication.
