Message from the Vice Chancellor

Shree Guru Gobind Singh Tricentenary University, the center of excellence for the realization of dreams of inquisitive young minds eager to pursue higher education in innovative and job-oriented courses was established in January 2013 by Haryana private universities Act No. 8 of 2013.

The University has taken a stride forward in its development by establishing 18 faculties and offering more than 170+ courses in less than eight years. As a temple of learning, the university is committed to upholding the sacred objective of transforming the young participants as human assets through multi-dimensional pedagogy blended with innovative course curricula, the latest teaching methods, hands-on training, and intensive personality development and mentorship programmes. In addition, the university has state-of-the-art infrastructure, hassle-free community life, and well-qualified, experienced, and dedicated faculty. To inculcate innovativeness amongst the faculty and students, the focus of the university is on conducting Research, Seminars, Conferences, Continuous Medical Education (CME) programmes, and workshops. We are stepping forward in a direction endeavoring to become one of the best universities in the region.

We have established the UNESCO bioethics Unit of the International Network of Bioethics to train potential teachers, students, and paramedical staff, and to develop an up-to-date syllabus for medical ethics education.

On the track record of placement, our students were selected in Indian Administrative Services, Indian Police Services, Army Dental Core, UNICEF, UAE, Haryana Health Services, Health Reporters in NDTV and other News channels, Corporate Sectors, Universities, Colleges, Clinics, Hospitals, and many organizations of repute in India and

abroad. To strengthen the placement-process, the University has a Corporate Resource Center (CRC) manned by a strong team of Corporates.

Apart from experienced and dedicated faculty, and modern infrastructure of well-equipped Research Laboratories; SGT University has Internal Quality Assurance Cell (IQAC), Incubations Center, well-stocked Libraries, auditoria, wi-fi campus, residential facilities for students and employees providing ample facilities through recreational clubs, indoor/outdoor games and cultural activities.

In its social role, the University provides health services in its hospital at affordable charges. The Dental Faculty every year treats approximately 16500 patients through around 200 free dental camps at rural outreach locations. The Nav-Muskaan Cleft Lip and Palate Center of the University provided comprehensive cleft lip and palate treatment in the last year. The centre also conducted more than 250 surgeries successfully absolutely free of cost.

Inspired by Swa-Prerit Adarsh Gram Yojna (SPAGY) launched by the Government of India, the SGT University established the Centre for Rural Upliftment for providing free of cost doorstep Medical, Civil, Legal, Social, and other similar facilities to the adopted village Budhera to make it an educated, healthy, socially harmonious and a developed village. The University is also providing doorstep free-of-cost medical facilities to 50 other nearby villages in Jhajjar District under the outreach programme. The faculties of Medical and Dental Sciences of the University have also adopted Government Schools of Garhi Harsuru, Iqbalpur, Kaliawas, Sultanpur, Ullawas, Sudharna of Gurugram villages, and JJ School of Education, Farukh Nagar to provide free health care services regularly.

Based on the achievements enumerated above, in a short span, we are confident that the university shall make an indelible imprint for higher accomplishments with more dedicated efforts in the forthcoming academic sessions.

Shree Guru Gobind Singh Tricentenary University was established on 24th January, 2013 by Haryana Private Universities Act No. 8 of 2013 to spread the messages of Shree Guru Gobind Singh Ji for the upliftment and betterment of mankind that can be best achieved through specialized and quality education. The university is founded on the pillars of developing leadership, encouraging innovation and disseminating strong ethics along with its dedication to achieve the objectives through academic excellence in all spheres of knowledge.

The university has developed a 62 acres lush Green Campus in Delhi-NCR at Budhera in the vicinity of Gurugram, the emerging commercial and educational hub of the country, with modern infrastructure and excellent academic aura. In keeping with its vision and mission, the campus has been designed with great sense of aesthetics to provide eco-friendly environment and ambience to stimulate the learning process.

Within a period of less than six years of its establishment, the university has taken long strides in appointments of highly-qualified, experienced and competent teaching and non-teaching staff, creation of modern classrooms, well-equipped labs, rich library, internet services, play grounds, clubs for extra and co-curricular activities, boys' and girls' hostels, residential accommodation, transport and other essential facilities.

Having made a hallmark in the medical sciences, now the university is imparting knowledge and developing skills in 160+ courses through its 18 Faculties ranging from Undergraduate, Postgraduate to Doctoral programmes. For the exposure of the faculty and students to the latest and advanced developments in their respective disciplines, the university has organized number of Continuing Education Programmes (CME & CDE) Seminars, Conferences, Workshops and specialized lectures by eminent academicians and

corporates during the period under review. The University presented a commendable position in publication of research papers. During the academic session 2020-21, the teaching faculties of various disciplines have published more than 266 research papers in highly-reputed (peer-reviewed) journals along with publication of 428 books and chapters in their respective subjects.

Currently, the University imparts education from Undergraduate to Ph. D level in the Faculties of Medicine & Health Sciences, Dental Sciences, Nursing, Allied Health Sciences, Physiotherapy, Commerce & Management, Law, Hotel & Tourism Management, Engineering & Technology, Mass Communication & Media Technology, Sciences, Behavioural Sciences, Indian Medical System, Agricultural Sciences, Fashion & Design, Education and SGT College of Pharmacy.

CHAPTER - 2

2 Faculties of the University:

The university is imparting education for various courses through its following 18 Faculties:

2.1 Faculty of Agricultural Sciences

India requires globally competitive and better trained agricultural human resource capital in agriculture and allied fields to feed 18 percent of world's population with only 2.3 percent of the world's land and less than 4 percent of the global fresh water. In our country, there are many undergraduate degree programs that a student can pursue after their intermediate studies. But the students pursuing degree in Agriculture can find a lucrative career growth in various private as well as government-based industries. The agriculture sector in India is no longer confined to production but, it has now become a lucrative field with industrial needs and ample opportunities for candidates in the country and abroad. The demand for skilled professionals in the agriculture sector is high in recent times.

Respecting the aspirations of the people, the Faculty of Agricultural Sciences (FASC) at SGT University was established in the academic session 2016-17. The FASC is running both UG and PG programs to award degrees of B.Sc. (Hons.) Agriculture and M.Sc and Ph.D in all agriculture subjects. The FASC follows syllabi and curricula recommended by Indian Council of Agricultural Research (ICAR) from time to time. The Faculty is focused on experiential and self-guided learning, interdisciplinary course work and student-farmer-industry interaction to develop confidence, lifelong happiness and success among the

graduates. We have established links with many national and international Universities, ICAR Institutes and MNCs for internship, training, research and job placements.

FASC is proud to have a learned and dedicated team of more than 30 faculty members with rich SAUs and overseas experience in teaching, research and extension, who are recognized for their eminent teaching skills and outstanding research accomplishments. They provide an atmosphere not only for healthy academic activities but also for all-round growth and development of student's personality. Internationally acclaimed Guest and Adjunct faculty is also associated with teaching, research and counseling of our students. The Faculty of Agricultural Sciences is equipped with world class infra-structure including modern digital interactive class rooms, fully-equipped modern laboratories and controlled facilities, unique cafeteria of floriculture and vegetables, medicinal and aromatic plants and field crops, in house modules of skill and entrepreneurship development notably of vermi-composting, mushroom farming, bee keeping, organic farming, waste management and animal husbandry and a 20 hectares of practical, demonstration and research farm. A Static Soil Testing Laboratory at SGT University is approved and funded by Department of Agriculture and Farmers Welfare, Haryana under National Soil Health Mission to provide soil health information, fertilizer recommendation and training to the farmers. The facilities available at the FASC helps the students to develop much needed skills for local and global requirement of human resources and entrepreneurial mind-set to take up self-employment, to sustainably enhance rural livelihood security, and to propel agricultural transformation through science informed options and actions.

2.2 Faculty of Allied Health Sciences

Vision

The vision of the Faculty of Allied Health Sciences is to establish it as state-of-the-art Faculty and to make it the most sought-after Faculty in the Delhi-NCR by imparting quality education, practical exposure and research par excellence.

To bridge the gap / demand of Allied Healthcare professionals.

Mission

Providing students with the knowledge and skills basic to the practice of their departments, instilling them with the fundamental attitudes of professionalism, teaching, research and compassionate care for a diverse patient population

To inculcate in the students, the lifelong learning attitude

Brief Write up of the Faculty:

Allied Health professionals are a distinct group of professionals who are important to the medical profession as they apply their expertise to cater to the tremendous expansion of health care industry. Tremendous expansion of the healthcare industry brings with it a growing demand for trained allied professionals. In order to cater to this demand to whatever extent possible, Shree Guru Gobind Singh Tricentenary University entered in the field of allied health education with the introduction of degree and diploma courses in subjects such as Medical Laboratory Technology, Operation Theater Technology, Radio-Imaging Technology and Optometry in 2013. The Faculty of Allied Health Sciences (FAHS) introduced specialized graduation courses in Neurophysiology Technology, Nutrition and Dietetics and Sleep Science & M.Sc. in Nutrition and Dietetics, Medical Laboratory Technology, Operation Theater Technology and Radio Imaging Technology, Masters in Optometry in 2014. Diploma programmes and B.Sc. in Sleep Science were scrapped in the year 2018. In progression to this B. Sc in Microbiology was started in 2016 and B.Sc. Cardiac Care Technology, Renal Dialysis Technology and M.Sc. in

Microbiology in 2019. Now, the Faculty has 10 Graduate, 6 post Graduate and 2 Ph. D Programmes running. Faculty started Ph. D. in Microbiology from the year 2020. The courses offered by the Faculty are approved by Govt. of Haryana.

FAHS offers regular mode of teaching through newer teaching methodologies duly supplemented by an intensive and rigorous practical training that equips the students with the knowledge of the latest techniques and trends along with training/internship within the campus and outside so that on completion they can emerge as fully trained and thorough professionals. They are also being provided virtual learning in our state-of-art one of the best Simulation labs in the country. Aiming to provide latest trends in medical technological field and to enhance the career opportunities, FAHS organizes workshops, guest lectures and industry visits for the students along with other academic activities regularly. We also inculcate research and innovation attitude in the students by organizing technofest/Synergy events.

The Faculty has tie-ups with multiple international and national organisations of great repute. The faculty has signed a MoU with Binawan Institute of *Health Science (BIHS) Jakarta, Indonesia* and with Fortis Healthcare Limited, New Delhi and has working collaborations for internships and trainings with reputed Hospitals Like. RML Hospital, Delhi, Sir Ganga Ram Hospital, Delhi, BL Kapoor Hospital, Delhi, Sri Balaji Action Medical Institute (Delhi), Max Hospital, Gurgaon, Paras Hospital (Gurgaon), Columbia Asia Hospital (Gurgaon), Primus Hospital, Gurgaon, Sharp eye centre, Delhi and Center for Sight, Delhi where students from our faculty are trained under the supervision of specialized team for corporate placement in addition to their in-house training in our ~810 bedded hospital.

2.3 Faculty of Behavioural Sciences

The Faculty of Behavioral Sciences (FBS) was formally established as an independent entity in 2014 with the Department of Clinical Psychology. In 2017, the Department of Audiology & Speech Language Pathology (ASLP) was added. The RCI approved M. Phil Clinical Psychology course was introduced in 2017. A number of RCI approved courses - Post-graduate Diploma in Clinical Psychology, Bachelor of Audiology, Speech Language & Pathology (BAS&LP), B. Ed (Hearing Impairment and Intellectual Disability) D. Ed (Hearing Impairment, Intellectual Disability and Autism Spectrum Disorders) are being offered from the academic session of 2019-20. Ever since the inception of the faculty, Ph. D in Clinical Psychology/Psychology was introduced in the specialized and applied areas of Psychology.

The faculty has latest infrastructure equipped with state-of-the-art lecture rooms, laboratory with psychological experiments and testing facility, library facilities and affiliation with OPD/IPD of Psychiatry department. The vision of the faculty is to produce high quality Psychologists for the Nation and global communities; to make significant contributions to the science and practice of psychology in real-life situations; and to produce professionals with sound ethical, legal and moral values.

The faculty embraces participatory, experiential, discursive and student-centric practices in its teaching-learning endeavors. The following are hallmarks of our teaching approach:

- Project Based Learning/Dissertation/Case Study presentations/Student's seminars
- Regular Field Visits/Field Training/Practicum
- Robust Organizational Interface with Mental Health Organizations and Experts
- Role Plays, SIS, Group Discussion, Problem Based Learning and Invited Lectures

- Critical Evaluation and monitoring of Teacher's Quality through periodical assessment.
- Summative Assessment based on multimodal pedagogy
- Organization of lectures, conference/ seminar/workshops, symposia, etc.

Since the SGT University has a major focus on health and health related disciplines, the FBS is an integral part of all the community programs run by the University in nearby villages with a special responsibility for the mental health component. It provides a good exposure to the students of real-life settings and more so, sensitivity of the needs of the rural areas, which usually remain outside the mainstream of educational and service provisions.

Our mission is to prepare psychology students to have a significant impact in their communities, and to continue to develop and expand the field of psychology in new and exciting ways. To safeguard our strong academic tradition, we impose high standards on all our students and help them to acquire the knowledge, attitude and skills to understand the intricacies of mind and behavior. Psychology graduates are highly sought after by a wide variety of employers because they possess unique skills and competencies.

Students are offered an ideal combination of interdisciplinary, professional and academic excellence. We are constantly working towards our mission of delivering quality education and standard professional training, both on- and off-the campus. With a renowned, experienced and trained team of faculty members from institutes such as CIP, RINPAS, MDU, Jamia Millia Islamia, Delhi University, etc. the FBS departments boast of a high-quality teaching and mentoring environment. We are offering an environment which helps students and faculty both, to maximize their potential in academics, research and innovation; and as excellent practitioners.

Training and Placement

Clinical Psychologists and counselors are in increasing demand at various professional settings that deal with mental health needs. The role of a clinical psychologist is being rapidly recognized in health care and they are consulted for a variety of purposes, ranging from assessment, therapy, and rehabilitation to expert advice. Applied psychologists are also engaged in school setups, working with NGO's, hospitals, industry, organizations, community settings and so on. Our uniquely designed curriculum is based on choice-based credit system (CBCS) in accordance with the guidelines of UGC and current needs of the community/society. It covers not only the foundational/theoretical aspects of the discipline but also integrates practical and field training needed to be a professionally skilled graduate. Project/dissertation work also provides research skills training.

Placements

FDSC students on completion of courses are self-sufficient for private dental practices. Exposure to various academic and industry related platforms created opportunities to master the art of running successful dental practices. Research culture in FDSC helps to work in research-based organizations, offshore foreign engagements for pursuing higher studies and practicing dentistry abroad.

Infrastructure

Faculty of Dental Sciences has various advanced clinical skill-based equipments including CBCT unit, Microscope Enhanced Dentistry units, mobile Dental Van, Dental Xpertz Clinic setup, surgical & allied support, Cleft Center – Muskaan, separate Implantology Unit, major and minor operation theatres, special child clinics and full component sufficient number of dental chair units in each department making it a perfect environment for good clinical exposure and value-based learning.

Preclinical Dental and Oral Pathological Laboratories assist in appropriate skill development for all academic programs. Inventories like lasers, RVG's, X-Ray units, Conscious sedation unit, Orthodontic need analysis equipment and Carbon Monoxide monitor are the other supportive equipment.

Alumnus

Faculty of Dental Sciences alumni with their own private dental practices carry out clinical skills of Dental Science in their entrepreneurship. Alumni are also engaged in teaching, research and innovation at prestigious Public and Private Dental colleges affiliated to renowned Universities. In pursuance of higher studies, alumni joined reputed higher education institutions both in India and abroad.

Feedback from alumni supplements process changes in Faculty of Dental Sciences as a fast-growing educational hub in dentistry.

2.6 Faculty of Education

The Faculty of Education was established in 2016 to prepare teachers and teacher educators who would play a proactive role in bringing positive transformation in the society through education. The Faculty envisions to facilitate and enhance the quality of education in schools and higher education institutions, and to strive towards achieving excellence in the domain of teaching-learning. The Faculty of Education offers an undergraduate course i.e., Bachelor of Education (B.Ed.), a post-graduate course i.e., Master of Education (M.Ed.), and Ph. D. in Education.

Vision

Imparting high quality education to teachers with emphasis on classroom management techniques, individualized instructions for effective teaching, counseling, dealing with adolescent behavior to create interest in education and maximize students' potential in academics.

Mission

- Align teachers and teacher educators to play a significant role in shaping the young minds and facilitate a holistic development of learners.

- Field exposure through visits, workshops, seminars, expert lectures, and conferences.
- Strong emphasis on professional training and holistic personality development to provide ample opportunities for placements as well as to promote research and development.

2.7 Faculty of Engineering and Technology

The Vision of the Faculty of Engineering and Technology (FEAT) is to be renowned at the global level for imparting quality engineering education and research in interdisciplinary cutting-edge technology. The mission of the FEAT is to produce morally conscious competent leaders and engineering professionals. It comprises of five departments viz Civil Engineering (CE), Computer Science & Engineering (CSE), Electronics & Communication Engineering (ECE), Mechanical Engineering (ME), and Applied Sciences & Humanities. The FEAT offers UG programs leading to B.Tech. in CSE, ECE, CE and ME & BCA. B-Tech CSE offers various industry aligned specializations like AIML, IOS development, Block chain, Full Stack development, Gaming & Augmented reality etc. where courses are being co-taught by industry experts. It also offers M. Tech, MCA and Doctoral Degree Programs in Engineering disciplines of CSE, ECE, CE and ME.

The programs are articulately designed to meet needs of industries and other employing sectors, and to prepare students for the national and global employment market. The FEAT is establishing the Learners' Centric Academic Environment by adopting Flexible-Slot-Based Time-Table, and FRICS (Flexible Research Integrated Credit System) that empowers students to choose the subjects from the disciplines of their own interests. It also enables the students to not only build a sound knowledge base in particular discipline but also applications widened across the disciplines. The curriculum is carefully designed as per international standards by adopting the most advanced learning systems viz Project Based Learning (PBL), Research Based Learning (RBL), Cooperative Learning and other learning tools & emerging learning modes. Classrooms and laboratories are well equipped with modern teaching aids to facilitate the latest teaching andragogy.

FEAT has established unique 'Mentoring System' through which each student is assigned a Faculty Adviser. Faculty Advisers closely and carefully mentor the students to achieve excellence in their endeavors. They play a strong role to ensure that students complete their degree program in a smooth and timely manner. Faculty advisers not only help students to achieve their professional goals but also at the same time act as anchors who provide emotional, ethical and moral support throughout their tenure at the University. All the advisers have a deep sense of devotion towards maximizing the opportunities of development available to students within the campus and beyond. Faculty Advisers are the contact point for parents/ guardians for performance and conduct related issues of their wards.

FEAT has not only scholars with expertise in their respected fields of study, but also experts, who are brought on the board from well-reputed institutions like IITs. The faculty members have diverse experience of working in industry as well as academics and research. They are dedicated to pedagogical approaches which are student-centric and experiential. Students are given a plethora of opportunities to work on live projects that provide a platform to put theoretical knowledge into practical application.

FEAT is equipped with all modern facilities that include state-of-art computer labs and WIFI enabled campus. Here we are having specialized labs like IBM Lab, Apple Lab, AIML Lab, High performance Computing lab by NVIDIA, SMC lab, Robotics Lab, Geo Spatial research Centre of Excellence by ESRI and many more. The library is not only well-stocked with latest collections of text books, reference books and scientific journals but also offers e-learning tools for easier access to the knowledge. Additionally, it has a very unique feature of 'Book-Bank System' that allows the students to borrow the subject text books once for the entire semester. In addition to the facilities mentioned above, students can also avail amenities like hostel, mess services, free medical services, sports complex, central library, and transportation etc.

Corporate Resource Center (CRC), one of the flagship centres, takes care of all the training and placement related activities. Special credit courses have been developed to focus on campus to corporate movement of the students that includes soft skills and personality development sessions. FEAT is on its way to attain excellence in academics, research and career development of students in near future.

2.8 Faculty of Fashion & Design

Fashion and Design are nuanced reflections of the social, economic, and creative forces that exist at any particular time. Fashion is a vital element of our lives, and it is most usually connected with clothing and other lifestyle products that are both functional and attractive. It can consider who is likely to use the designs as well as the conditions in which they will be worn, and it can operate with a variety of fabrics, colours, patterns, and styles.

We imagine fashion when we think of it. Textiles, apparel, accessories, and lifestyle products are the most usually linked with fashion. Every human being has an inherent need to exhibit himself or herself in accordance with his or her own thoughts and choices. Fashion changes after a certain amount of time has passed, or one could say that it is natural for fashion trends to shift with the seasons.

Each season brings with it a variety of appealing colours, which serve as a source of inspiration for fashion designers and others. Seasons do bring a certain colour and style into fashion. Fashion has not only taken over the female fraternity, but it has also taken over the male fraternity. They've also gotten more aware of what's allowed and what's not. People are more conscious about their looks than they were previously, and even children are aware of and choose to wear what is fashionable. While the seasons play a role, the glamorous worlds of modelling and acting are the true fashion leaders.

Fashion businesses use the media to promote the latest trends. So, in order to be informed of what is and is not occurring, you must keep a close eye on what models and actors are wearing, what sort of cosmetics they are wearing, and even how their hair is styled in accordance with current fashion trends.

Faculty of Fashion & Design (FFAD) is regarded as a prestigious institution that provides its students with an optimal blend of fashion professional and academic brilliance. We are always striving to achieve our goal of providing high-quality education and developing new fashion experts.

FFAD allows students to begin researching fashion design strategies by improving abilities beyond the fundamentals to the level required for acceptability in today's competitive market. Candidates who desire to become economically empowered and self-sufficient will have earned the abilities to support them in their objectives after successfully completing the course. The Fashion Design course is project-based and covers everything from concept to design to fabrication and finishing of the final product.

At our Annual Fashion Show, students must present one complete look that they have developed and styled themselves. Students also work with a professional photographer to photograph their collection, which they had prepared for their assignment. These types of

projects strengthen our aspiring fashion designers' confidence and prepare them for the present competitive market.

2.9 Faculty of Hotel & Tourism Management

Faculty of Hotel & Tourism Management (FHTM) was established in 2014 with a vision of “Nurturing Future Hospitality Leaders”.

Our **mission** is to prepare the foundations of our students for lifelong learning, balancing theory with practice that imparts skills for immediate employment and entrepreneurship, thrust them to leadership positions in the service industry. To strengthen this resolve, we have embarked on a proven path to evolve, synthesize and spread the power of knowledge that facilitates the students to offer valuable contributions to the ever-growing industry.

FHTM strives to make its student industry ready by focusing on and developing the aptitude, skill and knowledge. The students here are given opportunities to enhance knowledge with inputs from in-house and industry experts via workshops, lectures and demonstrations so as to provide them a global exposure that makes them even more ardent and confident. We strive for a 360^o development of the student by providing them soft skill training so as to groom them to the standards of the industry.

Students spend four years for Bachelor of Hotel Management, 3 years for B.Sc. (Hospitality Administration) & 2 years for Master of Hotel Management to attain a hotel and tourism management degree at SGT University. 6 Admission Procedure

(As per 1st Ordinance of the University)

Admissions in the University are made strictly on the basis of merit. The merit for admission is determined either on the basis of marks or grades obtained in the entrance test conducted by the University or the marks obtained in the qualifying examination. However, the admissions in professional and technical courses are made only through an entrance test.

Unfilled / dropout vacant seats in professional and technical courses are filled up by the University at their own level by considering the marks obtained by the applicants in the qualifying examination and on the basis of their inter-se-merit.

- Dr Swati Singh attended Workshop on How to Write research proposal for funding & exploring collaborative research in medicine organised by FACULTY OF MEDICINE AND HEALTH SCIENCES, SGT University on 22nd December 2020
- Dr Swati Singh attended CME ON Prevention of Radiation Hazards & Bio medical waste management in Medical Practice organised by FMHS AND FAHS, SGT University on 10th April 2021
- Dr Swati Singh attended Webinar on CO-PO organised by In-Pods Edtech on 12th June 2021
- Dr Swati Singh attended Webinar on Vaccines-Safety & Storage organised by SGT University on 4th June 2021
- Ms Khushbhoo Chandra attended Conference on Bio-threat, Bio-Safety and Preparedness organised by IAMM Delhi Chapter from 28th January 2021 to 30th January 2021

- Ms Khushbhoo Chandra attended Conference on Challenges in prevention of Microbial Resistance organised by SGT University in collaboration with Indian Pharmacy Graduates Association on 13th February 2021
- Ms Khushbhoo Chandra attended Workshop on How to write research proposal for funding and Exploring collaborative Research in Medicine organised by SGT University on 22nd December 2020
- Ms Khushbhoo Chandra attended Seminar on Paramedical Telemedicine organised by ICHA on 20th June 2021
- Mr Salman Khan attended seminar on Paramedical Telemedicine organised by ICHA on 20th June 2021
- Dr Akansha Yadav attended National webinar on innovative Enterprises in food Sector organised by University of Agricultural Sciences, Dharwad on 16th October 2020
- Dr Akansha Yadav attended How to Write research proposal for funding & exploring collaborative research in medicine organised by FACULTY OF MEDICINE AND HEALTH SCIENCES, SGT University on 22nd December 2020
- Dr Akansha Yadav attended 3rd International conference on Nutrition, Food science and technology organised by Food technology congress 2020 from 28th September 2020 to 29th September 2020
- Ms Kanishka Raheja attended International Conference on Communication and Intelligent Systems organised by Soft Computing Research Society from 26 December 2020 to 27th December 2020
- Ms Nikita Sethi attended International Webinar on Amblyopia Management Recent Trends SGT University on 26th November 2020.
- Ms Nikita Sethi attended Conference- AIIMS Optometry Explorer 2021 organised by AIIMS, New Delhi from 20th February 2021 to 21st February 2021

- Ms Sweta Jangra attended CME on Prevention of radiation hazards and biomedical waste management in medical practices organised by SGT University, Gurugram on 10.4.2021
- Ms Sweta Jangra attended webinar on Gender bias & stereotyping, gender equality and women' rights organised by SGT University, Gurugram on 23.7.2021
- Ms. Suchandra Gupta attended National webinar entitled Novel corona virus: Post complication and their Management, Also Lecture delivered on Associated Co Morbidities of COVID 19, organised by SGRR University, Dehradun on 17th August 2020
- Dr Upasana Sarma attended Webinar on CO-PO organised by In-Pods Edtech on 12th June 2021
- Dr Akanksha Yadav attended Webinar on Boosting Immunity with Nutrition against covid 19 organised by Mandsaur University on 21st May 2021
- Dr Ashwini Ghai attended 79th Annual conference of the All-India Ophthalmological society organised by Delhi Medical Council from 24th June 2021 to 27th June 2021
- Prof M Ejaz Hussain attended Paramedical Telemedicine Seminar organised by ICHA on 20th June 2021
- Prof M Ejaz Hussain attended Webinar on Amblyopia Management Recent Trends organised by SGT University on 26th Novemeber 2020
- The Nutri-Care Association, Department of Nutrition & Dietetics, Faculty of Allied Health Sciences, SGT University organized International Live Conference on Dietary Supplements and Ergogenic AIDS: Use and Abuse in Sports on 6th Feb 2021 by Prof. Dr. M. Ejaz Hussain, Prof. G. L. Khanna, Shri R. C. Mishra, Chief Guest of the Conference, Prof J.S. Naruka, Guest of Honour, Prof. Alka Beotra, Vice President, Indian Association of Sports Medicine. She is Accreditation committee member and Lead Assessor for National Accreditation Board for Calibration and Testing Laboratories (NABL), India, Prof Oleksandr K, Dr

Margaret JipKuo, Prof. Chen Chee Keong, Dr. Kommi Kalpana, Dr. Shobha Ahi,
Dr Keren Susan Cherian,

- Oculus Academy and SGT Ophthalmological Association organized an International Webinar on “Amblyopia Management-Recent Trends” on 26th November 2020 by Dr. Ashwani Kumar Ghai, Ms. Joanna Arcadiou, Ms. Preeti Sharma, Md. Oliullah Abdal, Dr. Ramesh S Ve
- Department of Radio Imaging Technology under the Association of Innovative Radiography, Faculty of Allied Health Sciences and Faculty of Medicine & Health Sciences organized CME on “Prevention of Radiation Hazards & Bio-Medical Waste Management in Medical Practice” by Prof. Tasneem Fatma, Professor and Ex-Head, Department of Bio-Sciences, Jamia Milia Islamia University New Delhi and Mr. Mohan Lal Bhagwat, Lecture; Department of Paramedical Sciences, HIMS & AMP, Research, Hamdard University, New Delhi on 10th April 2021
- The Nutri-Care Association, Department of Nutrition & Dietetics, Faculty of Allied Health Sciences, SGT University organized a live webinar on “Breastfeeding Best Practices the way Forward” on 12th August 2020 by Dr. Anita Gupta, a renowned gynaecologist& lactation consultant in UCMS & GTB Hospital, Ms. Neelanjana Singh, a Nutrition Consultant, national executive of IDA and Dr. Seema Saxena, senior gynaecologist and obstetrician and Head of the department in Mata Chanan Devi Hospital, New Delhi
- Department of Radio Imaging Technology under the Association of Innovative Radiography, Faculty of Allied Health Sciences and Faculty of Medicine & Health Sciences organized a live webinar lecture on “Endovascular management of intracranial Aneurysms” on 07th November, 2020 by Dr. Manish Taneja, Consultant Interventional Radiologist, Asian Brain Spine & Nerve Medical Centre, Singapore
- Department of Microbiology under Faculty of Allied Health Sciences organized a Webinar on “Covid 19 pandemic: A critical approach” on 5th November 2020 by Dr. Shama Parveen, Associate Professor, Jamila Millia Islamia University

- The Nutri-Care Association, Department of Nutrition & Dietetics, Faculty of Allied Health Sciences, SGT University organized live webinar on “Complications of Diabetes and Obesity: Biology of Food and Nutrition “on 19th November 2020 by G. Bhanuprakash Reddy, Subject Editor of Proceedings of National Academy of Sciences, member of FSSAI Scientific Panel and many other scientific committees.
- Department of Neurophysiology Technology under Faculty of Allied Health Sciences organised a live webinar on Sleep entitled ‘Why Sleep is Necessary Is Yet a Mystery’ by Prof. Dr. Sushil Jha, Associate Professor, School of Life Sciences, Jawaharlal Nehru University, New Delhi on October 21st October 2020
- Department of Radio Imaging Technology under the Association of Innovative Radiography, Faculty of Allied Health Sciences organized a live webinar lecture for the student to provide knowledge regarding “Physics & its Application of PET CT & MRI in Modern Era” on 19th June, 2021 by Mr. Dinesh Kumar Baghel: Sr. Medical Physicist cum RSO at Asian Institute of Medical Sciences, Faridabad
- Department of Nutrition and Dietetics and Nutricare Association under Faculty of Allied Health Sciences SGT University, Gurugram organized one day live webinar on “Nutrigenomics: A Way Forward for Personalized Nutrition” on 28th May 2021 by **Professor Vimal Karani**, Deputy Director of Institute of Food, Nutrition and Health at the University of Reading, UK
- Faculty of Allied Health Sciences, Microcosm Association Department of Microbiology organized a Webinar on “Tissue bioengineering” on 29th May 2021 by **Dr. Rama S Verma**, Fellow to The Indian Academy of Science (FNASc) 2014, Fellow, Association of Microbiologists of India (FAMI) 2010, Fellow, The Bio-Tech Research Society (BRSI) 2015, Member, Board of Governor National Institute of Pharmaceutical Education and Research Mohali (Chandigarh) 2016- 2019. His research interests include Stem cell proliferation related studies with h index of 33 and more than 3000 citations

- The Department of Nutrition and Dietetics, Faculty of Allied Health Sciences organized webinar on “ENERGY BALANCE: COMPONENTS & EVALAUTION METHODS” On 6th May, 2021 by **Dr Keren Susan Cherian**, young researcher, presently working as a scientific officer, under the Ministry of Youth Affairs & Sports - NIN Department of Sports Science, ICMR - National Institute of Nutrition (NIN), Hyderabad, India
- Department of Nutrition and Dietetics, Nutricare Association organizes Faculty of Allied Health Sciences organized a live webinar on “Nutrition for corporate workforce experience & opportunity” on 25th may 2021. Ms. Sheela Krishnaswamy was the guest speakers. Sheela Krishnaswamy is a registered dietitian with 37 years of professional experience in the clinical, corporate and communication spaces, pan India. She was trained in India and overseas.
- Department of Radio Imaging Technology under the Association of Innovative Radiography, Faculty of Allied Health Sciences organized live webinar lecture for the student to provide knowledge regarding “Introduction and Acquisition Aspects of Cardiac MRI” on 26th June, 2021 by **Mr. Rohit Mishra**: Clinical Application Specialist Precision Diagnostics MEI Philips India Ltd
- Faculty of Allied Health Sciences, Microcosm Association Department of Microbiology and Medical laboratory technology organized guest talk on the topic Corona virus to vaccine: efficacy and future by eminent virologist Prof. (Dr). Syed M Sajid on 23rd February, 2020
