Message from the Vice Chancellor

Founded in January 2013 under the Haryana Private Universities Act No. 8 of 2013, Shree Guru Gobind Singh Tricentenary University is a center of excellence for the fulfillment of the dreams of curious young minds intending to pursue higher education in cutting-edge and career-oriented courses.

The university is dedicated to upholding the goal of transforming young participants into human assets through multidimensional pedagogy, blended with innovative course curricula, up-to-date teaching techniques, hands-on training, intensive personality development, and mentorship programs. The university has a state-of-art infrastructure, a hassle-free community, and highly qualified, seasoned, and committed faculty. In just eight years, the 18 faculties of the University are offering more than 170 programs. The institution focuses on research, holding seminars, conferences, continuous medical education (CME) programs, and workshops to foster innovation among the staff and students. We endeavor to become one of the best universities in the region and we are continuously stepping forward in this direction.

The university has the UNESCO bioethics Unit of the International Network of Bioethics to train future instructors, students, and paramedical personnel in developing a current syllabus for medical ethics education.

Regular Techno Fests are held at SGT University to highlight the creative work of the staff and students. The University provides intra-mural funds for such Technical Extravaganzas, where a significant number of students from all Faculties of the University showcase their talents through original and innovative models created by them. Such activities are inspired by the initiative of the Central and State Governments to "Make In India" and "Start-up India."

Our students are placed in various organizations and professions. A few to highlight are the Indian Administrative Services, Indian Police Services, Army Dental Core, UNICEF, UAE, Haryana Health Services, Corporate Sectors, Universities, Colleges, Clinics, Hospitals, and many other highly regarded institutions in India and overseas. A Corporate Resource Center (CRC), staffed

by an excellent team of Corporates, has been formed by the university to facilitate the placement of final-year students. The university has a contemporary infrastructure and campus environment, well-equipped research labs, an Internal Quality Assurance Cell (IQAC), incubation centers, well-stocked libraries, an auditorium, a wi-fi campus, social clubs, and housing options for both students and staff. It also has ample facilities for indoor and outdoor games, sports, and cultural activities.

SGT University provides health services in its 810-bedded hospital at affordable charges. The Faculty of Dental Science treated 16500+ patients through 200+ free dental camps at rural outreach locations. Comprehensive cleft lip and palate care are offered by the university's Nav-Muskaan Cleft Lip and Palate Center. They successfully performed more than 250 surgical procedures at no cost. The Swa-Prerit Adarsh Gram Yojna (SPAGY) program, started by the Indian government, inspired SGT University's Center for Rural Upliftment. It adopted Budhera village providing free access to civil, legal, social, and other ad-hoc medical, health, and development services to its inhabitants. As part of its outreach initiative, our university offers free medical services to 50 adjacent villages in the Jhajjar District. The faculties of Medical and Dental Sciences of the University adopted Government Schools of Garhi Harsuru, Iqbalpur, Kaliawas, Sultanpur, Ullawas, Sudharna of Gurugram villages, and JJ School of Education, Farukh Nagar to provide free health care services to the residents regularly.

Based on the results and achievements demonstrated, we are optimistic that SGT University will leave an enduring impression of greater accomplishments with more committed efforts in the upcoming academic sessions.

Shree Guru Gobind Singh Tricentenary University was established on 24th January 2013 by the Haryana Private Universities Act No. 8 of 2013 to spread the messages of Shree Guru Gobind Singh Ji for the upliftment and betterment of mankind that can be best achieved through specialized and quality education. The university is founded on the pillars of developing leadership, encouraging innovation, and disseminating strong ethics along with its dedication to achieving the objectives through academic excellence in all spheres of knowledge.

The university has a 60+ acres lush Green Campus in Delhi-NCR at Budhera in the vicinity of Gurugram - the emerging commercial and educational hub of the country, with modern infrastructure and an excellent academic aura. The campus is beautifully planned to give an eco-friendly atmosphere and ambiance that will encourage learning in line with its vision and goal.

SGT university has made significant progress in the last eight years since it was founded in terms of hiring highly qualified, experienced, and competent teaching and non-teaching staff, building smart classrooms, well-equipped labs, a rich library, high-speed internet services, playgrounds, clubs for extracurricular and co-curricular activities, boys' and girls' hostels, residential housing, transportation, and other necessary facilities.

Having made significant contributions to the medical sciences, now the university is imparting knowledge and developing skills in 170+ courses through its 18 faculties covering Undergraduate (UG), Postgraduate (PG), and Doctoral programs (Ph.D.). The university organizes regular Continuing Education Programs (CME & CDE) Seminars, Conferences, Workshops, and specialised lectures by eminent academicians and corporates to expose the faculty and students to the most recent and cutting-edge developments in their respective fields. The University presented a commendable position in the publication of research papers. During the year 2021 and 2022, the teaching faculties of various disciplines published 538 and 982 research papers respectively Scopus, Web of Science and Pubmed (peer-reviewed) journals along with the publication of 840 and 1112 books, chapters and conference proceedings in their respective subjects.

Currently, the University imparts education from Undergraduate to Ph. D level in the Faculties of Medicine & Health Sciences, Dental Sciences, Nursing, Allied Health Sciences, Physiotherapy,

Commerce & Management, Law, Hotel & Tourism Management, Engineering & Technology, Mass Communication & Media Technology, Sciences, Behavioural Sciences, Indian Medical System, Agricultural Sciences, Fashion & Design, Education and SGT College of Pharmacy.

- To develop Centers of Excellence culminating in achieving the cutting-edge technology in all fields.

2 Faculties of the University

The university is imparting education for various courses through 18 Faculties, briefly covered in the following subsections.

2.1 Faculty of Agricultural Sciences

Realizing the need for quality well-trained human resource capital post-Green Revolution for public and private sectors and entrepreneurship development, SGT University established the Faculty of Agricultural Sciences (FASC) from the academic session 2016-17 with an undergraduate degree program. The Master's Degree program was introduced in 2019-20 along with a Doctorate degree. FASC follows course curricula and degrees recommended by the Indian Council of Agricultural Research from time to time.

The FASC comprises meritorious, competent, and nationally renowned academicians and teachers educated at reputed national/ international universities. The teachers adopt the latest teaching methodologies to teach and groom students. Adequate emphasis is laid in respect of new and emerging areas such as biotechnology, information technology, bioinformatics, GIS, remote sensing, precision agriculture, hi-tech cultivation, secondary agriculture, conservation agriculture, organic farming, international agriculture, processing and value addition, agribusiness management and communication skills. Emphasis is given on experiential learning, hands-on training, skill development, and industrial attachment under the Student READY program for ensuring and assuring employability and developing entrepreneurs for emerging knowledge-intensive and science-led agriculture for achieving Sustainable Developments Goals (SDGs), doubling farmers' income, five trillion economies, and Evergreen Revolution.

Career Opportunities

Agriculture Graduates find career opportunities in public and private organizations and self-entrepreneurship as given below:

- A career in education and research in public and private organizations.
- Agriculture and Horticulture Development Officer in the State Department of Agriculture and Horticulture.
- Soil Conservation Officer and Soil Analyst in the state department of agriculture.
- Seed Production and Seed Certification Officer in the state department of agriculture.
- Rural and or Agriculture Development Officer in public and private sector banks.
- Technical Officer in sugar, fertilizer, and pesticide manufacturing units.
- Researcher in seed and vegetable production, value addition, and processing and packaging companies.
- Marketing Officer in seed, fertilizer, and pesticides in public and private companies
- As an entrepreneur in agribusiness (retail, wholesale, production) of seed, fertilizer, pesticide, planting material, organic products, etc.

To achieve its objectives of academic excellence and students' placement in jobs and higher studies, FASC has established Tie-Ups/MoUs with MNCs, ICAR institutes, and foreign universities. Collaborations with the industry and academic linkages are developed with public and private organizations industry for the attachment of students during their final year so that they develop the necessary skills, and research capabilities to take up the employment and entrepreneurship challenges ahead. Our teachers are the recipient of extramural projects from different state and central government departments/funding agencies.

2.2 Faculty of Allied Health Sciences

Allied Health Profession is a distinct group of medical professionals who apply their expertise to cater to the tremendous expansion of the healthcare industry. Shree Guru Gobind Singh Tricentenary University introduced the Faculty of Allied Health Sciences (FAHS) with degrees and diploma courses in Medical Laboratory Technology, Operation Theater Technology, Radio-Imaging Technology, and Optometry in 2013. The Faculty later added specialized graduation courses in Neurophysiology Technology, Nutrition and Dietetics, and Sleep Science & M.Sc. in Nutrition and Dietetics, Medical Laboratory Technology, Operation Theater Technology, Radio Imaging Technology, and Master in Optometry in 2014. In progression to this B.Sc. in Microbiology was started in 2016, B.Sc. in Cardiac Care Technology, Renal Dialysis Technology, Perfusion Technology, and M.Sc. in Microbiology in 2019. Later, M.Sc. (Molecular Biology & Molecular Diagnostics), M.Sc. (Neurosciences & Neurotechnology), M.Sc. (Bio-Technology & Bio-Informatics), Ph. D. in Microbiology, Neurosciences, Biochemistry, Nutrition & Dietetics, and Radio Imaging Technology were started. Faculty has 9 Undergraduate, 8 Postgraduate, and 5 Ph.D. Programs running. All these courses offered by the Faculty are approved by Govt. of Haryana.

We offer to teach through new methodologies, supplemented by intensive practical training, to impart knowledge to students in the latest techniques and trends. Training/internships within the campus and outside can emerge them as fully trained and thorough professionals. FAHS organizes regular workshops, guest lectures, and industry visits for the students along with other academic activities. We encourage research and innovation in students by organizing techno-festival like “Synergy”. FAHS has tie-ups with international and national organizations of great repute. The faculty has signed an MoU with Binawan Institute of Health Science (BIHS) Jakarta – Indonesia, Fortis Healthcare Limited – New Delhi, and working in collaborations for internships, and training with reputed Hospitals like RML Hospital, Delhi, Sir Ganga Ram Hospital, Delhi, BL Kapoor Hospital, Delhi, Sri Balaji Action Medical Institute (Delhi), Max Hospital, Gurgaon, Paras Hospital (Gurgaon), Columbia Asia Hospital (Gurgaon), Primus Hospital, Gurgaon, Sharp eye center, Delhi and Center for Sight, Delhi. Students are trained under the supervision of specialized team for corporate placement in addition to in-house training in our 810 bedded hospital.

2.3 Faculty of Behavioural Sciences

The Faculty of Behavioral Sciences (FBSC) was established in 2014 with the Department of Clinical Psychology. In 2017, the Department of Audiology & Speech Language Pathology (ASLP) was also added to the faculty, which was shifted to the Faculty of Allied Sciences (FAHS) from the academic year 2021-22.

The department of Clinical Psychology is running UG courses B.Sc. Clinical Psychology and B.A. (Hons.) Psychology. Since 2021-22, the department adopted National Education Policy and offers multiple entry and exit options in undergraduate programs. It has options for yearly progression from a certificate in psychology, a Diploma in 2 years, and a degree in three years. It also offers a 4-year program with research. The department offers PG courses M.Sc. Clinical/Counseling Psychology and Ph.D. in specialized and applied areas of psychology such as clinical psychology. The RCI-approved M. Phil Clinical Psychology course was introduced in 2017. The faculty has the latest infrastructure equipped with state-of-the-art lecture rooms, laboratories with psychological experiments and testing facilities, library facilities, and affiliation with OPD/IPD of the Psychiatry department.

The vision of the faculty is to produce high-quality Psychologists for the nation and global communities; to make significant contributions to the science and practice of psychology in real-life situations; and to produce professionals with sound ethical, legal, and moral values. The faculty embraces participatory, experiential, discursive, and student-centric practices in its teaching-learning endeavors. The following are the highlights of our teaching approaches.

- Project Based Learning/Dissertation/Case Study presentations/Student seminars
- Regular Field Visits/Field Training/Practicum
- Robust Organizational Interface with Mental Health Organizations and Experts
- Role Plays, SIS, Group Discussion, Problem-Based Learning, and Invited Lectures
- Critical Evaluation and monitoring of Teachers' Quality through periodical assessment.
- Summative Assessment based on multimodal pedagogy

- Organization of lectures, conferences/seminars/workshops, symposia, etc.

Since SGT University has a major focus on health and health-related disciplines, the FBSC is an integral part of all the community programs run by the University in nearby villages with special responsibility for the mental health component. It provides good exposure to the students of real-life settings and the sensitivity of the needs of the rural areas which usually remain outside the mainstream of educational and service provisions.

Our mission is to prepare psychology students to have a significant impact in their communities, and to continue to develop and expand the field of psychology in new and exciting ways. To safeguard our strong academic tradition, we impose high standards on all our students and help them to acquire the knowledge, attitude, and skills to understand the intricacies of mind and behavior. Our psychology graduates are highly sought after by a wide variety of employers because they possess unique skills and competencies.

Students are offered an ideal combination of interdisciplinary, professional, and academic excellence. We are constantly working towards our mission of delivering quality education and standard professional training, both on- and off-campus. The FBSC departments boast a high-quality teaching and mentoring environment with a renowned, experienced, and trained team of faculty members from institutes like CIP, RINPAS, AMU, MDU, JMI, DU, etc. We are offering an environment that helps students and faculty, to maximize their potential in academics, research, and innovation, and as excellent practitioners.

Training and Placement

Clinical Psychologists and counselors are in increasing demand in various professional settings, where they deal with mental health needs. The role of a clinical psychologist is being rapidly recognized in health care. They are consulted for a variety of purposes, ranging from expert advice to assessment, therapy, and rehabilitation. Applied psychologists professionals and counselors need are at a boom in school setups. They also work with NGOs in the community setting, industry, organizations, and so on. Our uniquely designed curriculum covers not only the

foundational/theoretical aspects of the discipline but also integrates practical and field training needed to be professionally skilled. The details of our tie-ups for training and placement are as follows:

2.4 Faculty of Commerce & Management

The Faculty of Commerce and Management (FCAM) commenced academic operations in 2013-14 with five professional UG programs BBA-G, BBA-HA, B.Com (Pass), B.Com (H), and Integrated BBA. In 2015, it started MBA, MBA-HA, and Ph.D. programs. It is one of the premier faculties of the university for its core competencies. The faculty strengthened thrust areas like Marketing, Finance, Human Resources, International Business, Operations & Hospital Administration with the latest curriculum. Besides sixteen core well qualified full-time faculty members, the faculty enriches the teaching-learning process through practical interventions of experienced corporate executives from time to time. The majority of the faculty members are Ph.D. degree holders, engaged in guiding research and undertaking independent research projects. A good number of quality research papers, case studies, and chapters in edited books have been contributed by the faculty members. The prime emphasis in imparting learning is on real-time learning through student interactive sessions, live projects, and case study analysis suitably supported by digital technology.

FCAM is committed to imparting the highest quality of education and exposure to help in developing the next generation of business leaders with a global outlook and capability to adapt to the fast-changing business environment of India and the world at large with proficiencies in:

- Innovative teaching Andragogy
- Proportional theoretical & practical curriculum
- Deep concern for learners and nurturing them through effective Mentor-Mentee relationship
- External exposure for learning, and promoting initiative and creativity.

2.5 Faculty of Dental Sciences

Faculty of Dental Sciences started, as SGT Dental College Hospital & Research Institute in 2002 and is among the frontline Dental Colleges across the country with its excellent infrastructure, state of the art equipment. Highly qualified experienced faculty have carved a niche for themselves in the field of dentistry aiming to develop multi-dimensional pursuance in advanced knowledge of dentistry, and a commitment to excellence with moral & ethical values.

Vision

Promote, prevent, treat & research “Oral-Health” through collaborative and organized efforts.

Mission

- Educating students in all basic and clinical subjects of dentistry
- Impart ethical and scientific clinical training using state of art tools and technology
- Promoting researches in futuristic oral health care.
- Work towards overcoming challenges of Oral Health Disease
- To organize dental public health welfare programs by engaging populations, oral healthcare professionals and industry
- To develop overall personality of an individual through multidisciplinary engagements to make them good citizen first, then good Surgeon

Unique salient features of offered courses

- All courses aligned with the Dental Council of India
 - Learning through application-based scopes, seminars, clinical case presentation
 - Dissertation and training in advanced treatment procedures at par with global standards
- Under Graduate Teaching Program (BDS)
 - Pre-clinical training on dummies mimicking the human oral cavity& Simulation
 - Clinical training&orientation at dental clinics supervised by experienced faculty
 - Personalized guidance for advanced-level treatment procedures for patients

- Post Graduate teaching Program (MDS)
 - Specialization in Oral Medicine & Radiology, Periodontology, Oral & Maxillofacial Surgery, Prosthodontics and Crown & Bridge, Conservative Dentistry & Endodontics, Pediatric & Preventive Dentistry, Orthodontics & Dentofacial Orthopedics, Public Health Dentistry and Oral Pathology & Microbiology.
- Doctor of Philosophy (Ph.D.) in all subjects
 - Focus on futuristic translational research
 - Promoting intra-disciplinary researches
- Fully equipped minor and major Operation Theatres equipped with state-of-art equipment

Faculty strength

All nine departments in the Faculty of Dental Sciences (FDSC) have highly experienced and energetic faculty members with the ethical and scientific mindset to carry forward the science of Dentistry, laying high-quality stress on Research & Innovation in Dentistry and Applied Sciences. The majority of the faculty members are pursuing extramural research works of their choice of specialization. A few patents have also been received.

Research grants

The majority of FDSC faculty members, pursuing extramural research works of their specializations have sponsoring bodies like the Science and Engineering Board, Indian Council of Medical Research, ICSSR, BIRAC, DBT, and other corporate & social welfare sponsoring bodies. UG students, regular participants in the annual UG-level research grant submission process have ICMR-sponsored grants under Short Term Studentship.

Awards & Ranking

Faculty members have received prestigious fellowships from the Board of Orthodontics, the International College of Dentists (FICD, USA), FDSRCPS from the Royal College of Surgeons and Physicians, and the Indian Board of Oral & Maxillofacial Surgery. FDSC was been awarded the International College of Dentists (ICD) Sh. Prabhu Diyal – Jamna Devi Memorial Award 2020 for

Appreciation of Community Services at Convocation and award Function 27th February 2022. It ranked 36th among all the dental colleges in India in 2022.

UG – PG – faculty members won awards and accolades at various National and International Conferences and PG Conventions every year, especially at academic platforms and also co-curricular & social welfare forums. Staff and students are engaged in international exchange programs as well.

Student activities and achievements

Besides academics, the students actively participate in multiple extracurricular programs every year including Fresher's Day, Induction & Orientation Programs, Diwali Fest, Holi Fest, Symphonious (Musical Fest), Inter-College Cultural & Sports fests, etc. Our students have achieved laurels for the institution at various student fest events especially organized by Maulana Azad Institute of Dental Sciences, New Delhi, and various other colleges in the National Capital Region.

Outreach activities

FDSC extended its outreach in various areas with its state of art Mobile Dental Van to:

- Dental Health Care in nearby Villages
- Regular oral health screening & treatment camps with free medicines in rural areas
- Collaborative Oral health activities with NGO
(MIW Foundation, DLF Global Development, Reliance MET Pvt. Ltd., governmental set-ups)
- Special Camps for Prisoners at Tihar Jail, New Delhi, Jhajjar District Jail & Bhondsi Jail in Gurgaon
- Public Private Partnership with Governmental Health care facilities in nearby rural areas
- Peripheral centers for the Blind group of population in collaboration with Blind Relief Association, Lodhi Road, New Delhi since 2009
- Industrial-cum-Academic visit to Dental Expo for practical exposure of students
- Celebration of various National Health Days with a special focus on oral health

Placements

Conducted various placement drives for interns – few of them were selected. FDSC students on completion of courses are self-sufficient for private dental practices. Exposure to various academic and industry-related platforms created opportunities to master the art of running successful dental practices. Research culture in FDSC helps to work in research-based organizations, offshore foreign engagements for pursuing higher studies, and practicing dentistry abroad.

Infrastructure

Faculty of Dental Sciences has various advanced clinical skill-based equipment including a CBCT unit, Microscope Enhanced Dentistry units, mobile Dental Van, Dental Xpertz Clinic setup, surgical & allied support, Cleft Center – Nav Muskaan, separate Implantology Unit, major and minor operation theatres, special child clinics and a full component sufficient number of dental chair units in each department making it a perfect environment for good clinical exposure and value-based learning.

Preclinical Dental and Oral Pathological Laboratories assist in appropriate skill development for all academic programs. Inventories like lasers, RVGs, X-Ray units, Conscious sedation units, Orthodontic need analysis equipment, and Carbon Monoxide monitor are other supportive equipment.

Alumnus

FDSC alumni with their private dental practices carry out clinical skills of Dental Science in their entrepreneurship. Alumni are also engaged in teaching, research, and innovation at prestigious Public and Private Dental colleges affiliated with renowned Universities. In persuasion of higher studies, alumni joined reputed higher education institutions both in India and abroad. Feedback from alumni supplements process changes in FDSC as a fast-growing educational hub in dentistry.

2.6 Faculty of Education

SGT University is constantly working towards its mission of delivering quality education and preparing potential intellectuals in several disciplines. Faculty of Education is another feature in its cap which offers Teacher Education courses like Bachelor of Education and Master of Education.

The Bachelor of Education program comprises three broad interrelated curricular areas-

- Perspectives in Education which includes courses related to Child Development, Contemporary India, Learning and Teaching, Knowledge and Curriculum, etc. These courses help the students to develop a deep understanding of the basics of the teaching profession.
- Curriculum and Pedagogic Studies help in the development of teaching skills that enable one to become an effective teacher.
- Practical learning, a part of the course curriculum is a visible strength of the program. Such projects enable students in putting their theoretical Knowledge of the discipline into practice leading to the holistic development of would-be teachers.

After completing *B. Ed. Program* students can join the noble profession of teaching in Govt. / Private Schools. They can also find placement as Counselors (with MA in Psychology/diploma in Guidance and Counseling), Education consultants, and subject & pedagogy experts in both public and private sector companies.

The *Master of Education (M. Ed.)* program is designed to provide opportunities to students who want to be Teachers, Educators to extend as well as deepen their knowledge and understanding of Education, specializing in select areas, and also developing research competencies leading to specialization in either Elementary Education or Secondary Education. The students of M. Ed. programs can find placements as Teacher Educators in IASEs, DIETs, Directorates of Education, Councils of Secondary/Higher Secondary Education, SCERTs, Colleges of Education, and University Education Departments.

2.7 Faculty of Engineering & Technology

The Vision of the Faculty of Engineering and Technology (FEAT) is to be renowned globally for imparting quality engineering education and research in interdisciplinary cutting-edge technology. The mission of the FEAT is to produce morally conscious competent leaders and engineering professionals. FEAT is truly a dynamic and diverse place offering a broad spectrum of programs in engineering and technology aiming to develop graduates who are ethical, technologically literate, and ready for multicultural workplaces. Our programs are relevant to industry & social needs with a strong focus on creative and critical thinking, problem-solving approach, and the development of unique leadership skillsets. All our programs are aligned with national priorities yet tailored to meet the demands and needs of the global employment market. With the support of industry experts, it integrates real-world practices with theory ensuring our students are equipped to address complex business problems.

FEAT comprises four departments viz Civil Engineering (CE), Computer Science & Engineering (CSE), Electronics & Communication Engineering (ECE), and Mechanical Engineering (ME). Faculty offers UG programs leading to B.Tech. in CE, CSE, ECE, and ME. It also offers M. Tech and Doctoral Degree Programs in Engineering disciplines of CSE, ECE, CE, and ME. FEAT also offers BCA in Cloud Computing and BCA in Artificial Intelligence & Machine Learning. The FEAT is establishing the Learners' Centric Academic Environment by adopting a Flexible-Slot-Based Time-Table, and FRICS (Flexible Research Integrated Credit System) that empowers students to choose the subjects from the disciplines of their interests. FEAT also enables the students to not only build a sound knowledge base in a particular discipline but also applications widened across the disciplines. The curriculum is carefully designed as per international standards by adopting the most advanced learning systems viz Project Based Learning (PBL), Research-Based Learning (RBL), Cooperative Learning, and other learning tools & emerging learning modes. Classrooms and labs are well equipped with modern teaching aids to facilitate the latest teaching and methodology.

FEAT has established a unique 'Mentoring System' through which each student is assigned to a Mentor. Mentor closely and carefully mentor the students to achieve excellence in their endeavors.

They play a strong and vital role to ensure that students complete their degree programs excellently. Mentor not only helps students to achieve their professional goals but also at the same time act as anchors who provide emotional, ethical, and moral support throughout their tenure at the university. All the advisers have a deep sense of devotion toward maximizing the opportunities for development available to students within the campus and beyond. A mentor is the contact point for parents/ guardians for performance and conduct-related issues of their wards.

FEAT has scholars with expertise in respective fields of study and is brought on the board from well highly reputed institutions. FEAT has highly qualified and competent faculty members in various departments and provides a vibrant and conducive environment for strong academic and research activities. The faculty members ignite the curiosity of students for innovation and guide them to achieve higher levels of excellence. The faculty members have diverse experience working in the industry, academics as well as in research. They are dedicated to pedagogical approaches which are student-centric and experiential. Students are given a plethora of opportunities to work on live projects that provide a platform to put theoretical knowledge into practical application. Faculty has adopted frequent practices as mentioned below to maintain excellence in engineering and technology.

- Continuous program/course improvement through self/outside assessment of program educational objective and student outcomes.
- New initiatives and programs with changes in Technology and global interdependence, while serving society and commitment through a technology solution.
- Exposure to current trends & technologies, practiced by the industry's strong industry liaison.

Infrastructure & Facilities

FEAT is equipped with all modern facilities that include state of art computer labs and wi-fi enabled campus. It has specialized labs like IBM Lab, Apple Lab, AIML Lab, High-Performance

Computing lab by NVIDIA, SMC lab, Robotics Lab, Geo-Spatial research Centre of Excellence by ESRI, and many more. The library is not only well stocked with the latest collections of textbooks, reference books, and scientific journals like IEEE but also offers e-learning tools for easier access to knowledge. Additionally, it has a very unique feature of the ‘Book-Bank System’ that allows the students to borrow the subject textbooks once for the entire semester. Online Expert Lectures (Spoken Tutorial), E-Journals with easy access, and online discussion forums (with Google Hangouts). In addition to the facilities mentioned above, students can also avail amenities like a hostel, mess services, free medical services, sports complex, central library, transportation, and immense facilities to excel in research and innovation, etc.

Corporate Resource Center (CRC) takes care of all the training and placement-related activities. Special credit courses have been developed to focus on campus to the corporate movement of the students that includes soft skills and personality development sessions. Special focus is given to developing communication skills, Interview skills and group discussions as these are the basic prerequisites for today’s professionals. Internship assistance, pre-placement workshops, and focused industrial visits are organized to develop general awareness and readiness for a successful transition to the work environment. In the last session, FEAT students have been placed in various MNCs at very good packages including packages up to 10 LPA. FEAT is on its way to attaining excellence in academics, research, and career development of students in near future.

Advanced/R&D Labs

FEAT has the following advanced labs for R&D activities.

- SMC lab to impart training on pneumatics, electro pneumatics, and hydraulic control.
- Robotics Lab to design and fabricate various robots.
- Electric Vehicles Lab to design and fabricate various types of electric vehicles.
- The APPLE iOS lab: Apple Solution Experts shared insights about App Development and career progressions for iOS app developers. SGT University has collaborated with APPLE under IOS University Developer Program to enable their faculties to bring app development curriculum into classrooms and academic research.
- IBM lab: Lab emphasis upon continuous learning, shared insights about IoT and Cloud Computing & Big Data Analytics.

- Geo Special Research Lab has been established in collaboration with ESRI. ArcGIS Pro, the powerful single desktop GIS application. ArcGIS Pro supports data visualization; advanced analysis; and authoritative data maintenance in 2D, 3D, and 4D. Through ArcGIS Pro we can achieve Sustainable Constructions and can-do Urban Town Planning. It is a scientific analytical tool, on 2D, 3D, and 4D Data to identify patterns and make predictions for the smooth functioning and planning of smart cities.
- High-performance computing lab in collaboration with NVIDIA provides high-end computing facilities. It is enabled by the most advanced CPUs delivering Super Computing Performance for research and simulation purposes.
- Artificial Intelligence & Machine Learning Lab which is equipped with a high-end computing facility. This lab is being supported by Samatrix.io.
- IOT Lab has been established in FEAT. It is a research platform exploring the potential of cloud sourcing and the Internet of Things for multidisciplinary research with more end-user interactions. It gives the power to the crowd to be at the core of the research and innovation process. IoT has changed the way banking services were done by connecting infrastructure and influencing the way they interact with the service world. Since these industries deal with huge data transfer, gathering, and analyzing of data, IoT has a huge impact, that is benefiting both the customer and the financial services as a whole.
- Special Lab in Blockchain Technology in SGTU has developed a blockchain-based proof-of-concept for select government-use cases to understand the potential benefits of the technology, the release noted. New and previously unforeseen applications of blockchain in the government are expected to enhance transparency, traceability, and trust in e-governance systems.

2.8 Faculty of Fashion & Design

Fashion is most commonly associated with clothing and lifestyle products. It is normal for fashion trends to change according to the seasons. Each season does bring fashion into a particular color and style. Fashion is not just limited to the female fraternity even men have been taken over by the fashion world. They have become more conscious of what is in trend and what is not. They pay more attention to their appearance than they did earlier. Children are also aware and prefer to wear what is in fashion. While seasons are a major contributory factor, the glamour world of modelling and acting are the actual fashion leaders. Fashion houses endorse the latest trends through the media, so everyone can be able to know what's happening and what's not, you need to keep a keen watch on what models and actors are wearing, what kind of makeup they have on and even the hairstyle they have done depends on the current fashion trends.

Faculty of Fashion & Design (FFAD) is poised to be a leading institute offering its students an ideal combination of fashion professionals for corporate and academic excellence. We are constantly working towards our mission of delivering quality education and generating new budding fashion professionals. FFAD enables candidates to start exploring the techniques of fashion design by developing their skills beyond the basic level to the level required for acceptance. After completing the Fashion Design course, Candidates who want to become economically empowered and self-sufficient will have to develop the skills to assist them in their endeavors towards the journey to be an entrepreneur. The Fashion Design course is following a project-based learning methodology and it initiates from the concept through to the design to the construction of

the end product. Students get an opportunity to show the complete look of their collection based on a theme, made and styled by them, at our Annual Fashion Show. RECENT ADDITIONS – Central Synthetic Chemistry Laboratory

The college has recently set up a state-of-the-art industry-oriented Central Synthetic Chemistry laboratory (CSCL). The laboratory is spacious and ergonomically designed.

It is well equipped with industrial-use fume hoods, rotatory evaporators, high vacuum pumps, ventilated cabinets, fire-resistant cabinets, vacuum ovens, hot air ovens, a hydrogenation chamber, an ice flaker, balances, etc. It is ably supported by analytical instruments like HPLC, UV, etc. It is ably equipped with a wide range of glassware, and plasticware as well as a store full of hundreds

of laboratory chemicals and reagents. We also have a separate solvent yard to store commercial solvents.

Current Activities

- Extramural Research Grant
- We have been recently awarded a grant by the Biotechnology Industry Research Assistance Council (BIRAC), a PSU of the Department of Biotechnology, Govt. of India. The total value of the project is Rs. 99 lacs. and is distributed between our college and our partner IGY Immunologix India Pvt. Ltd., Hyderabad. In this project, we are working on a First-in-class target to address resistant cancers. We already have low nM leads compounds. We are at the lead optimizations stage of drug discovery research.
- Consultancy Services for novel chemistry
- Recently we have provided consultancy to 2 companies for the synthesis of novel compounds.
- Process Research for APIs
- We are developing novel patentable synthetic processes for 2 active pharmaceutical ingredients (API) – both have the freedom to operate (Patent space).

Outreach

The following activities are conducted by SGTCOP.

Industrial visits. The SGTCOP organizes industrial visits for B.Pharm students' to update with knowledge of new modern techniques used in the Pharmaceutical Industry. These industrial visits provide an excellent opportunity to interact with industries and know more about the healthcare industry environment.

Internship. Most of our students undergo internships in companies and industries to learn the practical functioning of pharmaceutical industries. To achieve the highest level of scientific and technological Major Industries Providing Training & Internship are Niti Ayog, Indian Pharmacopoeia Commission (IPC), Mankind Research Centre, Sir Ganga Ram Hospital, RML Hospital, AIIMS, APOLLO, Deen Dayal Upadhyay Hospital, etc. The students are supposed to

undergo research projects and prepare thorough reports on the work done during the internship. To support the students, Faculty mentors are allotted to each student for better learning and completion of the project.

Awareness Campaigns. SGT College of Pharmacy organized an outreach activity entitled ‘**Identification of herbs having medicinal values** at Exceller World School, Gurugram under the aegis of **HERBOKON** association on 14/09/2021. The Members and President of **HERBOKON** association addressed the attendees about the importance of home remedies involving herbs for the prevention and management of COVID- 19.

To promote the safe use of Medications by any individual, SGT College of Pharmacy organized a Nukkad Natak for awareness on Adverse Drug Reactions among University students/staffs/faculty. The notion was to emphasize the risk-benefit analysis of use of drugs. The activity entitled ‘#दवाकेदुष्प्रभाव #जागरूकताहीसमाधान in the University Campus under the aegis of Pharmaceutical Innovation & Incubation Association on December 3rd 2021.

Career Counselling Sessions. Career Guidance, Internship and Placement Cell, under the aegis of SGT College of Pharmacy, SGT University conducted the pre-placement event, “**IME-Interviews Made Easy**” on Thursday, 23rd December 21, for the students of Bachelors and Masters in Pharmacy programs. The real-life interview experience involves simulation via mock interviews, written tests, combined with group discussion and interaction with the students. Ms Sangeeta Gadhok Magan, Professor, NDIM was the invited expert for the event.

Webinars/Workshops. SGT COLLEGE OF PHARMACY organized an Educational and Practical-based online workshop entitled ‘**HPTLC (HIGH PERFORMANCE THIN LAYER CHROMATOGRAPHY): TECHNIQUE AND HERBAL APPLICATIONS**’ on 18 October 2021.

Experts Lectures Simulation. Department of Pharmacy Practice, SGT College of Pharmacy, SGT University, in collaboration with NRSC organised a unique two-day “**HANDS-ON TRAINING ON SIMULATION BASED PHARMACY PRACTICE SKILLS**” on 15th and 16th November 2021

Student achievements.

Consistent with the mission of SGT University, the SGTCOP maintains a strong commitment to access and excellence. The college attracts a diverse student population and provides quality pharmacy education through its pursuit of excellence and innovation in teaching, scholarship, and service. This time, even after the commendable results of our students in the university examination and GPAT, a comparatively higher number of B. Pharma along with D. Pharma students showed their interest in appearing in campus placements and landed into their dream profiles. Many M. Pharm students pursued their aspirations in research and are planning to join PhD programs in different reputed universities. One of our student, Mr. Harshit Arora secured First rank at all India level in NIPER JEE examination conducted by NIPER Ministry of chemical and fertilizer. The SGTCOP witnessed participation of various esteemed organizations offering roles across various domains including clinical research, business analysis, production, quality assurance, research & development, hospital & community pharmacy and sales & marketing. Various companies including WNS (Value-edge), Medanta, Nextgen Pharma, Jagsonpal Pharmaceuticals Limited, Ozone Pharmaceuticals Ltd, Albemic, ESS Life Sciences India, Sanyog Enterprise, Healthians, Necare Ortho and Muscular Solution LLP, Strand Life Sciences Private Limited etc. participated in the recruitment process of our students.

Research.

Our academic system has been framed taking into consideration the responsibility of students to meet the demands of hi-tech pharmaceutical industry, at the same time ensuring that they confidently serve the requirements of patient care and pharmacy practice. Since its inception, we have made conscious efforts to inculcate research aptitude in its students at all levels to keep them abreast of the requirements of the industry. The faculty and students are actively involved in various research activities. The efforts are visible in the sizeable number of publications at both national and international levels.

Industry Linkages.

Regular industry interaction forms an integral part of the academic curriculum as it helps the students not only get industrial exposure but also a chance to understand global business practices. The teaching

pedagogy at SGTCOP Gurugram is highly practical, industry-focused & innovation driven as it is evolved through constant interaction with leading academicians, industry professionals & corporates. SGTCOP has collaborated with various pharma companies and provides exposure to students through project-based learning. Technical tie-ups with, Dabur Research Foundation, AIC LMCP Foundation, Life Sciences Sector Skill Development Council (LSSSDC), New Delhi, Pharmasynth Formulations Ltd, M/s Almelo Private Limited, Hyderabad ensures that students learn more than just a degree.

CHAPTER - 6

6 Admission Procedure

(As per 1st Ordinance of the University)

Admissions to the University are made strictly based on merit. The merit for admission is determined either based on marks or grades obtained in the entrance test conducted by the University or the marks obtained in the qualifying examination. However, admissions to professional and technical courses are made only through an entrance test.

Unfilled / dropout vacant seats in professional and technical courses are filled up by the University at their level by considering the marks obtained by the applicants in the qualifying examination and based on their inter-se-merit.
