2	Name of Academic Association	Innova8 Oral Health Care/Public Health Dentistry
3	Title of the Event/Activity	ACADEMIC-CUM-FIELD VISIT TO PRIMARY HEALTHCARE CENTRE, DAULTABAD
4	Objective of the event	To have an insight and make students understand the Primary Healthcare Centre set-up and interact with the primary healthcare workers to have an idea regarding treatment/facilities provided at the centre.
5	Date – Time/Duration	15 th February 2024 09:30 am -1:30 pm
6	Place/Venue	PRIMARY HEALTHCARE CENTRE, DAULTABAD
7	Name of Faculty Coordinator	Dr Surbhi Priyadarshi, Dr. Rangoli Srivastava
8	Name of Students' Organizer(s) ^{*1}	Ms Diksha (Student Secretary), Mr Harshit (Student Representative), Ms Sukanya (Student Member), Ms Arzoo (Student Member), Mr Rahul (Student Member), Ms Jyostsana (Student Member)
9	Brief Report of the event ^{*2} (should not exceed 500 words)	<p>The field of primary health care plays a pivotal role in ensuring the well-being of communities, especially in rural areas where access to healthcare services may be limited. To gain practical insights into the functioning of primary health care systems, an academic-cum-field visit was organized to Primary Health Care, Daultabad by Innova8 Oral Health Care Academic Club constituted under the Department of Public Health Dentistry, on 15th February, 2024 (Thursday) from 09:30 am to 1:30 pm for BDS Final-year students. Dr. Namrita Dhar Singh, dental officer, posted at the Daultabad branch coordinated with us for smooth execution of the visit. The primary objective of the visit was to understand the operational dynamics of primary health care facilities, including the challenges faced and the strategies employed to address them. Additionally, the visit aimed to foster a deeper understanding of community health practices and the role of primary healthcare in promoting preventive and curative measures.</p> <p>The visit commenced with an insightful interaction session with the healthcare providers including AYUSH staff, Immunization centre staff, nursing staff, dental officer and medical officer, wherein they shared their experiences, challenges, and the spectrum of services offered at the center. Discussions ranged from patient demographics to prevalent</p>

		health issues and community outreach initiatives. Subsequently, we had the opportunity to shadow healthcare professionals during their routine clinical activities. This hands-on experience provided valuable insights into the diagnosis, treatment, and management of common ailments encountered in the community. The visit also involved engaging with members of the local community to understand their healthcare-seeking behavior, perceptions, and feedback regarding the services offered at the facility. The student-members of the Innova8 academic club actively participated and enthusiastically volunteered to provide a comprehensive briefing to the final year BDS students on the fundamental components, principles, and distinctions between rural and urban Primary Healthcare Centers.
10	Role of participating students	Management of event and briefing BDS Final years regarding elements and principles of PHC
11	Expected outcome as understood by the students	Students learnt about <ol style="list-style-type: none"> 1. Primary Healthcare Centre Set-up 2. Having an insight regarding departments and its functioning in PHC setting.
12	Suggestions/Remarks	-
