9	Brief Report of the event <sup>*2</sup> (should not exceed 500 words)	The Department of Public Health Dentistry in association with Department of Pediatric and Preventive Dentistry, Faculty of Dental Sciences, under the aegis of the Institution's Innovation Council (IIC) - SGT University organized an awareness program on "Importance of Innovation and Entrepreneurship in Student Life." It was an initiative to sensitize school children about the concept of innovation and entrepreneurship. Fostering innovation and entrepreneurship among school children is crucial in today's age and we believe school children are true ambassadors of and for the society at large. This program highlighted the basic Oral Hygiene Care Innovations useful in daily lifestyle of all age group individuals conceptualized and designed by faculty members and dental students of the SGT University. The event was conducted on National Science Day (28th Feb 2024) at DAV Centenary Public School, Bahadurgarh to promote the scientific thinking and highlight the importance of science in every day's life. A Quiz competition was also conducted among the students and exciting gift hampers were also distributed to the winners. Along with the session, Oral health checkup of around 300 students and treatment to around 10 patients were also conducted in the Mobile Dental Van. The school official authorities appreciated the efforts of the dental team and expressed to have such more sessions in the future as well.
10	Role of participating students	Students took the entire responsibility of planning and executing the entire event. Students were the resource persons who along with faculty coordinator took the entire session.
11	Expected outcome as understood by the students (Bullet points – max of 3-5 points)	The participants understood the importance of innovative thoughts and promised to discuss it in future with their teachers, parents, friends or elder siblings to pursue it further for the betterment of society
12	Suggestions/Remarks	Nil
