EVENT HIGHLIGHTS

On **1st July 2026**, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized an Outreach **Activity- Oral Health Check Up Camp at Civil Hospital, Sohna, Haryana**.

The event aimed to promote oral hygiene awareness and provide preventive and curative dental services at outreach set-up.

Screening of total **26 patients (males- 9; females-17)** were done in the camp. The team conducted **demonstrations of correct tooth-brushing techniques, oral hygiene education sessions**, as well as **one-to-one consultations**, followed by the **oral health education talk** on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth. This outreach activity encouraged everyone to develop the **importance of adapting good oral hygiene in everyday practices**.

The camp successfully enhanced oral health awareness among the participants, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of all the team members**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE – 5

EVENT BANNER

ANNEXURE – 6

OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to promote oral hygiene awareness via outreach activity. The initiative aimed to promote oral health awareness and provide preventive and curative dental services at outreach set-up. In end the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being was delivered.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, enabling timely referrals for further management.

- **Preventive and Basic Treatment Services:**

The team conducted demonstrations of correct tooth-brushing techniques, oral hygiene education sessions, as well as one-to-one consultations, followed by the oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the participants of on **1st July 2026**, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University organized an Outreach **Activity- Oral Health Check Up Camp at Civil Hospital, Sohna, Haryana in collaboration with SGT Publicity Team.**

The event bridged the gap between healthcare providers and the patients who are in need of oral health checkup.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world .

FEEDBACK

FEEDBACK ON DENTAL CAMP - CIVIL HOSPITAL SOHNA, HARYANA

→ Date : 01-07-2024

Day : Wednesday

Location : Civil Hospital - Sohna, Haryana

→ FACULTY MEMBER : Dr. Navodita Jaiswal

→ INTERNS POSTED : 1) Ishita Yadav
2) Kavya Sivakumar
3) Abhishek
4) Ritika

→ It was an amazing and enriching experience to be a part of the dental camp at civil hospital. We were able to educate patients about the importance of maintaining good oral hygiene & the need for regular dental check-ups. Special emphasis was given on elderly patients and pregnant women.

Our faculty member was supportive and approachable throughout the camp.

The camp was well organized and it was truly rewarding to contribute to community oral health awareness on the occasion of Doctors' Day and I am grateful to everyone involved in making this camp meaningful and successful.

Thanking you

Yours sincerely

KAVYA SIVAKUMAR

ANNEXURE – 9

CONCLUSION

On 1st July 2026, India celebrated National Doctors' Day by honoring the contributions of doctors and healthcare professionals whose dedication, compassion and commitment to treat countless lives makes them the backbone of India's healthcare system.

As a part of the celebration of this day, the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, Gurugram, Haryana, in collaboration with the Publicity Team, organized a free oral health check-up camp at Civil Hospital, Sohna, Haryana.

This camp was conducted under the guidance of Dr. Navodita Jamwal, Assistant Professor, Dept. of Public Health Dentistry.

The camp promoted awareness about various dental diseases, their early diagnosis, and its preventive care among patients of diverse age groups. Tailored oral health education was also provided according to the patient treatment needs.

Particular emphasis was placed on senior citizens and pregnant patients, highlighting the importance of preventive dental care and regular follow-ups.

ANNEXURE – 10

ACKNOWLEDGMENTS

On **1st July 2026**, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized an **Outreach Activity- Oral Health Check Up** at **Civil Hospital, Sohna, Haryana**.

The dental team was headed by **Dr. Navodita Jamwal** (Assistant Professor, Dept. of Public Health Dentistry).

Other members of the team included, **Dr. Richa -MDS Post Graduate Student – Dept. Oral Medicine and Radiology**; interns namely **Ishita, Kavya, Ritika and Abhishek** and **Mr. Aparn**, the supporting staff.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University and Nursing department promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE VII- CONCLUSIONS

The camp activity organized at **Adani Oyster, Grande** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care as well as providing basic treatment. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE VIII-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives. Special thanks to **organizing team**, for their cooperation and participation in this noble endeavor.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, as well as there were participants from Department of Audiology and Optometry from Allied Health Sciences as well as from Department of Nursing whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

ANNEXURE VIII- CONCLUSIONS

The camp activity organized at **Kendriya Vidyalaya, Rohtak** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care as well as providing basic treatment. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE IX-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives. Special thanks to **School team**, for their cooperation and participation in this noble endeavor.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, as well as there were participants from Department of Audiology and Optometry from Allied Health Sciences as well as from Department of Nursing whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

02:45 pm onwards	Departure

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of school students by the team from the Department of Public Health Dentistry & Department of Orthodontics and Department of Paediatrics and Preventive Dentistry.
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among participants.
- Distribution of educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the participants.
- Collaborative effort between SGT University and SGT Admissions Team promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize school students and teachers about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counselling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the school premises, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of geriatric oral health challenges in real-world settings.

ANNEXURE VI-FEEDBACK

Feedback on Dental camp KU School Rohtak,
07/07/2026
Tuesday
Location - KU School Rohtak

Faculty Member - Dr. Sushmi Priyadarshi

Interns Posted -

- (3) Ishita
- (4) Briksha
- (5) Aswini

It was an amazing and knowledgeable experience to be a part of the dental camp at KU School Rohtak. We were able to educate many childrens starting from age 6 to 17 we had shared importance of maintaining good oral hygiene as well as the importance of maintaining healthy teeth. It was a good and Amazing experience to be a part of the camp.

Our faculty member was supportive and approachable through out the camp.

The camp was well organised and it was truly rewarding to contribute to community and oral health awareness to the student as well as parents. I am grateful to Everyone involved in making this camp meaningful and successful.

Thanking you
Yours sincerely
Briksha (Intern)

EVENT HIGHLIGHTS

On **8th July 2026**, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized an Outreach **Activity- Oral Health Check Up Camp at PM SHRI KV ROHTAK, HARYANA.**

The event aimed to promote oral hygiene awareness and provide preventive and curative dental services at outreach set-up.

Screening of total **285 patients (males- 172; females-163)** were done in the camp. The team conducted **demonstrations of correct tooth-brushing techniques, oral hygiene education sessions**, as well as **one-to-one consultations**, followed by the **oral health education talk** on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth. This outreach activity encouraged everyone to develop the **importance of adapting good oral hygiene in everyday practices.**

The camp successfully enhanced oral health awareness among the participants, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of all the team members**, providing them valuable **field-based public health practice and experiential learning opportunities.**

ANNEXURE – 5

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of participants by the team from the Department of Public Health Dentistry.
- Personalized consultations offer advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among participants.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the participants.
- Collaborative effort between SGT University and SGT Marketing Team promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the participants about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the camp site, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students, enhancing their understanding of oral health challenges in real-world settings.

ANNEXURE VI-FEEDBACK

Feedback on Dental camp Chander

9/07/2026

Thursday

Location - Chander

~~Feedback on dental camp~~

Interns Present - (1) Priyankhu
(2) Anil

- " It was an amazing experience to be a part of the camp and to get the opportunity to educate students as well as parents regarding good oral hygiene and the importance of maintaining healthy teeth.
- " we have done screening of students started from age 6-16 which was good that students are getting early screening regarding oral health.
- " the camp was well organized and it was fairly regarding to contribute to community and oral health awareness.

Thanking You

Yours sincerely

Priyankhu (Intern)

ANNEXURE VIII- CONCLUSIONS

The outreach activity successfully fulfilled its objective of promoting oral health awareness and delivering preventive dental care among the participants. The event created a positive impact by empowering participants with knowledge about maintaining oral hygiene, facilitating early identification of dental problems, and providing accessible basic treatment services within their residential setting.

ANNEXURE IX-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and SGT Marketing Team whose support made the event a success.

We acknowledge the dedicated efforts of the **faculty members**, and interns whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their setup, and on-ground arrangements throughout the event.

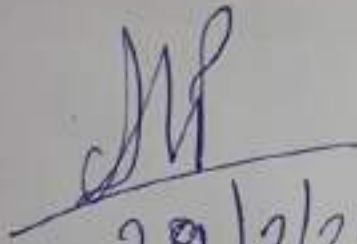

Lastly, we thank all **participants** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

Number & Description of Beneficiaries:

Total- 17

Male- 5

Female- 12

- Residents of Nitin Vihar enthusiastically participated in the dental camp. 17 residents including 5 males and 12 females were examined.
- During the examinations, a number of dental problems were found, patients requiring complex treatment were referred to SGT Dental College and Hospital, Gurugram.
- Oral hygiene kits including toothbrush, toothpaste were distributed.
- Oral health education was imparted using IEC materials, demonstration of toothbrushing was also given with the help of Dentoform models.

ANNEXURE II- PROGRAM SCHEDULE

Date: *15th July. 2026*

Time: *9:00 AM onwards*

Venue: *Nitin Vihar*

Organized by: *Department of Public Health Dentistry*

Time	Activity
10:00- 10:30 AM	Arrival & Set Up at the Venue
10:30 – 11:00 AM	Oral Health Awareness Talk
11:00 AM – 02:00 PM	Oral Screening, Consultation
02:00 – 02:30 PM	Refreshment Break
02:30 – 02:45 PM	Interactive Session and Distribution of Oral Hygiene Kits
02:45 – 03:00 PM	Group Photograph
03:00 PM onwards	Departure

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University and Nursing department promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE VII- CONCLUSIONS

The camp activity organized at **Nitin Vihar** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care as well as providing basic treatment. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE VIII-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives. Special thanks to **RELIANCE MET**, for their cooperation and participation in this noble endeavor.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, as well as there were participants from Department of Audiology and Optometry from Allied Health Sciences as well as from Department of Nursing whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

Intern posted : Bhawna
Diksha.

→ It was an amazing and enriching experience at this camp location. We were able to spread knowledge regarding importance of oral health to them and able to screen their common dental problems.

The camp was well organized with the help of supporting staff. The faculty guidance was excellent and response from the local community was very positive and people were eager to get dental check ups.

Thanking You
Yours sincerely

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 17th July, 2026 at Jhuljhuli, Delhi**. The initiative aimed to promote oral health awareness.

A total of **approximately 26 patients** were screened, of whom **19 were males and 07 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the Jhuljhuli about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the Jhuljhuli received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the Jhuljhuli, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE 7-FEEDBACKS

Intern Feedback

Date:- 12/07/26.

Location:- Jhuljhuli, Delhi.

This camp was enriching experience for us as interns. It provided a unique opportunity to step out and engage directly with the community. Camp also helped us develop imp. skills, communication and teamwork were essential, especially when coordinating with fellow interns & local residents.

From:- Kavya
Ishita.

ANNEXURE 8- PHOTOS (GEOTAG) AS ATTACHMENT

Oral Screening at Jhuljhuli, Delhi

ANNEXURE 9- CONCLUSION

The Oral Health Screening at Jhuljhuli, Delhi successfully fulfilled its objective of promoting oral health awareness and delivering oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth among residents of the village. In the end Oral Hygiene kits comprising Toothbrushes and Toothpastes were distributed.

ANNEXURE 10-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized a dental camp on **17th July, 2026 at Jhuljhuli, Delhi.**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to the residents of the **Jhuljhuli, Delhi** for their cooperation and active participation in this noble endeavor.

The initiative took place under the guidance of Dr. Meenakshi Chopra (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by interns- Ishita, Kavya and Supporting Staff – Mr.Aparn.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

ANNEXURE 3- PROGRAM SCHEDULE

1. **Title of the Activity:** Oral Health Screening
2. **Date:** 20/07/2026
3. **Location of the Activity:** Hans Enclave, Gurugram
4. **Organizing Faculty/Department/Association-** Faculty of Dental Sciences –
Department of Public Health Dentistry.

5. Minute-to Minute Schedule:

Sl. No.	Time	Activity
1.	9:45 AM	Departure from Campus
2.	10:25 AM – 11:00 AM	Arrival & Setup of Outreach Activity
3.	11:00 AM – 12:30 PM	Oral Screening, Oral Hygiene Kit Distribution, Oral Health Instructions
4.	12:30 PM – 1:00 PM	Lunch Break
5.	1:00 PM -2:00 PM	Continuation of Oral Health Screening
6.	2:00 PM- 2:20 PM	Feedback & Group Photographs, Review of the Activity with Team & Organizer's
7.	2:20 PM	Departure from Camp Site
8.	2:55 PM	Arrival at Campus & Dispersal

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 20th July, 2026 at Hans Enclave, Gurugram**. The initiative aimed to promote oral health awareness.

A total of **approximately 14 patients** were screened, of whom **05 were males and 09 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the Hans Enclave about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the Hans Enclave received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the Hans Enclave, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE 7-FEEDBACKS

Interview feedback

Date:- 20/07/24

Location:- HANS Enclave, Gurgaon.

This camp was a good experience for us as interns. It provided a unique opportunity to step out and engage directly with the community. Camp also helped us develop imp. skills, communication and teamwork were essential.

Interviews:- Abhishek
Anil

Oral Screening at Hans Enclave, Gurugram

ANNEXURE 9- CONCLUSION

The Oral Health Screening at Hans Enclave, Gurugram successfully fulfilled its objective of promoting oral health awareness and delivering oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth among residents of the village. In the end Oral Hygiene kits comprising Toothbrushes and Toothpastes were distributed.

ANNEXURE 10-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized a dental camp on **20th July, 2026 at Hans Enclave, Gurugram.**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to the residents of the **Hans Enclave, Gurugram** for their cooperation and active participation in this noble endeavor.

The initiative took place under the guidance of Dr. Meenakshi Chopra (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by interns- Anil, Abhishek and Supporting Staff – Mr. Aparn.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University and Nursing department promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real-world settings.

ANNEXURE VIII- CONCLUSIONS

The camp activity organized at **Dadri Toye** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care as well as providing basic treatment. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE IX-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives. Special thanks to **RELIANCE MET**, for their cooperation and participation in this noble endeavor.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, as well as there were participants from Department of Audiology and Optometry from Allied Health Sciences as well as from Department of Nursing whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

ANNEXURE 3- PROGRAM SCHEDULE

1. **Title of the Activity:** Oral Health Screening
2. **Date:** 24/07/2026
3. **Location of the Activity:** Rajender Park, Gurugram
4. **Organizing Faculty/Department/Association-** Faculty of Dental Sciences –
Department of Public Health Dentistry.

5. Minute-to Minute Schedule:

Sl. No.	Time	Activity
1.	10:00 AM	Departure from Campus
2.	10:30 AM – 11:00 AM	Arrival & Setup of Outreach Activity
3.	11:00 AM – 12:30 PM	Oral Screening, Oral Hygiene Kit Distribution, Oral Health Instructions
4.	12:30 PM – 1:00 PM	Lunch Break
5.	1:00 PM -1:20 PM	Continuation of Oral Health Screening
6.	1:20 PM- 1:50 PM	Feedback & Group Photographs, Review of the Activity with Team & Organizer's
7.	1:50 PM	Departure from Camp Site
8.	2:15 PM	Arrival at Campus & Dispersal

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 24th July , 2026 at Rajender Park, Gurugram**. The initiative aimed to promote oral health awareness.

A total of **approximately 17 patients** were screened, of whom **12 were males and 05 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the Rajender Park about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the Rajender Park received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the Rajender Park, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE 7-FEEDBACKS

Intern Feedback

Date: 24/7/26

Location: Rajender Park, Gurgaon.

This camp was good experience for us as interns. It provided a unique opportunity to step out and engage directly with the community. Camp also helped us develop important skills, communication and teamwork were essential.

Interns: Bhavna
Diksha

ANNEXURE 8- PHOTOS (GEOTAG) AS ATTACHMENT

ANNEXURE 9- CONCLUSION

The Oral Health Screening at Rajender Park, Gurugram successfully fulfilled its objective of promoting oral health awareness and delivering oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth among residents of the village. In the end Oral Hygiene kits comprising Toothbrushes and Toothpastes were distributed.

ANNEXURE 10-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized a dental camp on **24th July, 2026 at Rajender Park, Gurugram.**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to the residents of the **Rajender Park, Gurugram** for their cooperation and active participation in this noble endeavor.

The initiative took place under the guidance of Dr. Meenakshi Chopra (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by interns- Bhawana, Diksha and Supporting Staff – Mr. Aparn.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

ANNEXURE VII- CONCLUSIONS

The outreach activity successfully fulfilled its objective of promoting oral health awareness and delivering preventive dental care among the participants. The event created a positive impact by empowering students and teachers with knowledge about maintaining oral hygiene, facilitating early identification of dental problems, and providing accessible basic treatment services within their residential setting.

ANNEXURE VIII-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the event a success.

We acknowledge the dedicated efforts of the members of Centre of Excellence and **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Departments involved, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. We are also grateful to **SGT marketing team** for organizing the camp/

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

Number & Description of Beneficiaries:

Total- 14

Male- 01

Female- 13

- Residents of Nuh enthusiastically participated in the dental camp. 14 residents including 01 males and 13 females were examined.
- During the examinations, a number of dental problems were found, patients requiring complex treatment were referred to SGT Dental College and Hospital, Gurugram.
- Oral hygiene kits including toothbrush, toothpaste were distributed.
- Oral health education was imparted using IEC materials, demonstration of toothbrushing was also given with the help of Dentoform models.

ANNEXURE II- PROGRAM SCHEDULE

Time	Activity
10:00- 10:30 AM	Arrival & Set Up at the Venue
10:30 – 11:00 AM	Oral Health Awareness Talk
11:00 AM – 02:00 PM	Oral Screening & Consultation Camp
02:00 – 02:30 PM	Refreshment Break
02:30 – 03:00 PM	Distribution of Oral Hygiene Kits & Group Photograph
03:00 pm onwards	Departure

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of school students by the team from the Department of Public Health Dentistry.
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among participants.
- Distribution of educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the participants.
- Collaborative effort between SGT University and Publicity Team promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize school students and teachers about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counselling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices at home.

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the school premises, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of geriatric oral health challenges in real-world settings.

ANNEXURE VI- PHOTOS (GEOTAG) AS ATTACHMENT

Oral Screening of Public

Group Photograph

ANNEXURE VII- CONCLUSIONS

The outreach activity successfully fulfilled its objective of promoting oral health awareness and delivering preventive dental care among the participants. The event created a positive impact by empowering students and teachers with knowledge about maintaining oral hygiene, facilitating early identification of dental problems, and providing accessible basic treatment services within their residential setting.

ANNEXURE VIII-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the event a success.

We acknowledge the dedicated efforts of the members of Centre of Excellence and **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Departments involved, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. We are also grateful to **Publicity team** for organizing the camp/

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

ANNEXURE VI-FEEDBACK

Feedback by patients treated in Mobile Dental Van at Camp site.

Intern's Feedback

Place - Kot Village

Date 3rd Aug, 2026

The Village Dental Camp was a valuable learning experience that helped us understand the importance of community oral healthcare. It improved our communication and patient management skills while allowing us to educate people about oral hygiene. Working as part of the team enhanced our confidence and clinical exposure. Overall, it was a rewarding and meaning full experience.

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 4th Aug, 2026 at Nuh, Haryana**. The initiative aimed to promote oral health awareness.

A total of **approximately 16 patients** were screened, of whom **09 were males and 07 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the village about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the village received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the village, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

Oral Screening at Nuh, Haryana

ANNEXURE 9- CONCLUSION

The Oral Health Screening at Nuh, Haryana successfully fulfilled its objective of promoting oral health awareness and delivering oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth among residents of the village. In the end Oral Hygiene kits comprising Toothbrushes and Toothpastes were distributed.

ANNEXURE 10-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized a dental camp on **4th Aug, 2026 at Nuh, Haryana**.

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to the residents of the **Nuh, Haryana** for their cooperation and active participation in this noble endeavor.

The initiative took place under the guidance of Dr. Meenakshi Chopra (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by interns- Juhi, Rakshat Supporting Staff – Mr. Devesh.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

Total- 25

Male- 14

Female- 11

- Residents of The Welfare Development & Educational Foundation of India, Dwarka enthusiastically participated in the dental camp. 25 residents including 14 males and 11 females were examined.
- During the examinations, a number of dental problems were found, patients requiring complex treatment were referred to SGT Dental College and Hospital, Gurugram.
- Oral hygiene kits including toothbrush, toothpaste were distributed.
- Oral health education was imparted using IEC materials, demonstration of toothbrushing was also given with the help of Dentoform models.

ANNEXURE II- PROGRAM SCHEDULE

Date: *8th August, 2026*

Time: *9:00 AM onwards*

Venue: *The Welfare Development & Educational Foundation of India, Dwarka*

Organized by: *Dr.Rangoli Srivastava*

Time	Activity
10:00- 10:30 AM	Arrival & Set Up at the Venue
10:30 – 11:00 AM	Oral Health Awareness Talk
11:00 AM – 02:00 PM	Oral Screening, Consultation
02:00 – 02:30 PM	Refreshment Break
02:30 – 02:45 PM	Interactive Session and Distribution of Oral Hygiene Kits
02:45 – 03:00 PM	Group Photograph
03:00 PM onwards	Departure

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

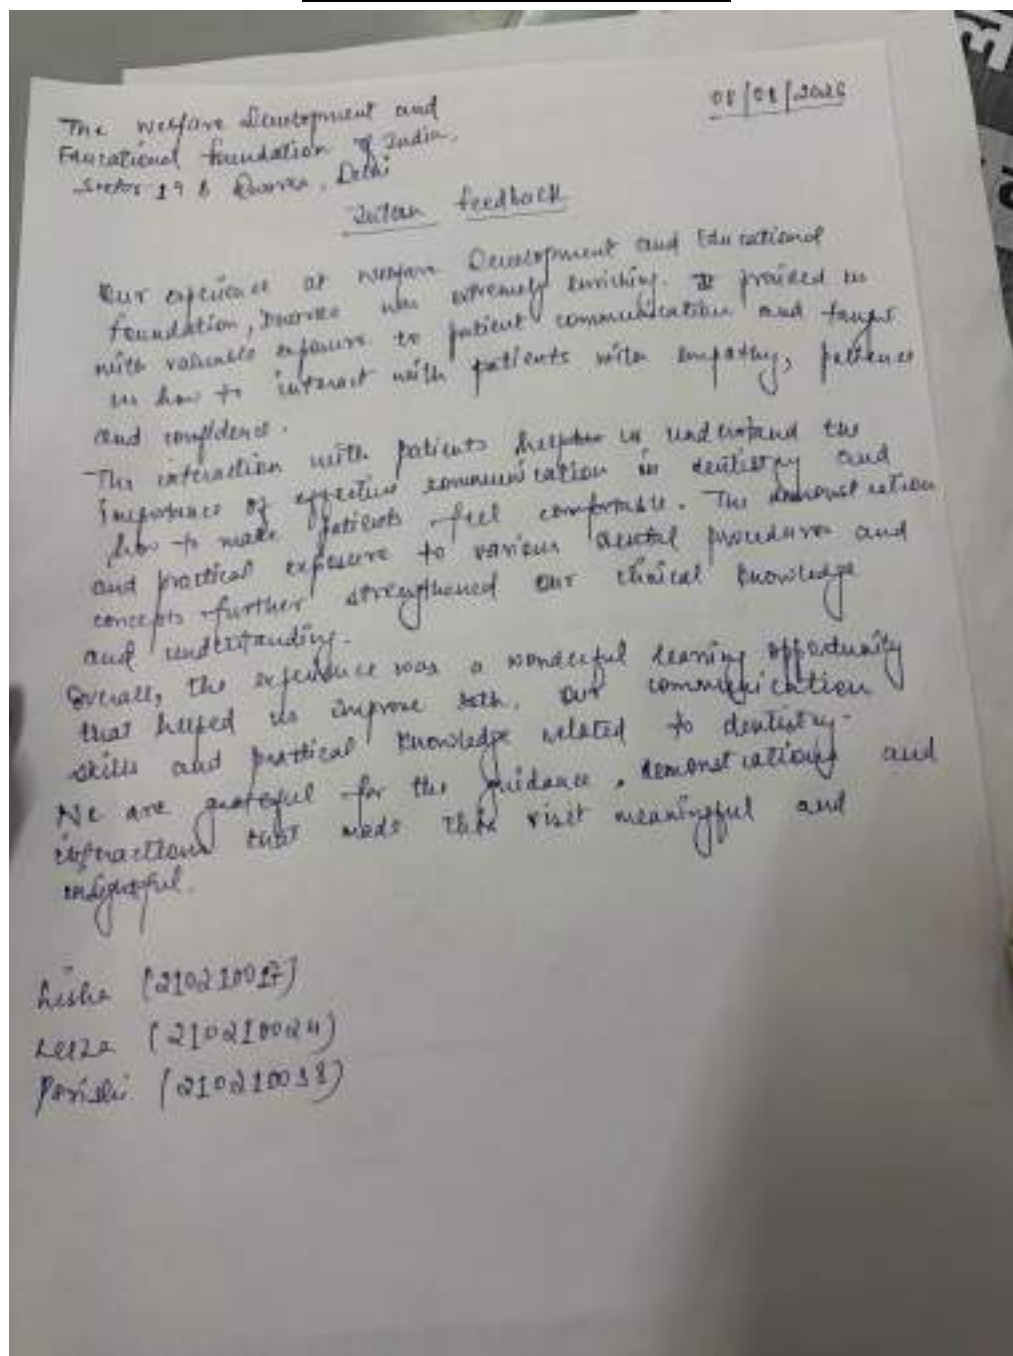

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world settings.

To,
Department of Public Health Dentistry
Faculty of Dental Sciences, SGT University
Gurugram, Haryana

Subject: Letter of Appreciation – Oral Health Screening Camp

Respected Sir/Madam,

Greetings from The Welfare Development and Educational Foundation of India.

We extend our heartfelt gratitude to the Department of Public Health Dentistry, SGT University, for successfully conducting an Oral Health Screening and Awareness Camp at our Dwarka premises on 08 August 2026.

The dedicated efforts of your faculty and students in conducting oral health screenings and raising hygiene awareness were highly beneficial to our beneficiaries. We deeply appreciate your commitment to community health and look forward to future collaborations.

Thanking you.

Yours faithfully,

Ram Dular Singh
Chairman

ANNEXURE VIII- CONCLUSIONS

The camp activity organized at **The Welfare Development & Educational Foundation of India, Dwarka** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE IX-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 12th Aug, 2026 at Sultanpur, Haryana**. The initiative aimed to promote oral health awareness.

A total of **approximately 14 patients** were screened, of whom **07 were males and 07 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the Sultanpur about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the Sultanpur received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the Sultanpur, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE 7-FEEDBACKS

Fieldwork Feedback

location:- Sultanpur, Haryana.

Date:- 12/Aug/2026.

This camp was good experience for us as interns. It provided a unique opportunity to step out and engage directly with the community.

Interact:- Yes & without.

Collaborative Oral Healthcare Drive by SGT University

On 17th August 2026, on the celebration of the 80th Independence Day of India, the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, Gurugram, Haryana, in collaboration with the Galleria Market Condominium Association, organised a free oral health check-up camp at Galleria Market complex, DLF Phase IV, Gurgaon. The drive led by Dr Shourya Tandon, Professor, and assisted by Interns and support staff, raised awareness of various dental diseases, their early diagnosis, and preventive care among around 75 security guards and housekeeping support staff from the association. Many support staff working at the shops in the market complex also availed the benefits of this activity. Highlighting oral health as an important part of general health and also emphasising the basic oral health needs of society, toothbrushes, toothpastes, mouthwashes, and medicines were distributed to needy patients.

एसजीटी यूनिवर्सिटी द्वारा सहयोगी मौखिक स्वास्थ्य अभियान

17 अगस्त 2026 को, भारत के 80वें स्वतंत्रता दिवस के अवसर पर, एसजीटी यूनिवर्सिटी, गुरुग्राम, हरियाणा के डेंटल साइंसेज फैकल्टी, पब्लिक हेल्थ डेंटिस्ट्री विभाग ने गैल्लेरिया मार्केट कंडोमिनियम एसोसिएशन के सहयोग से गैल्लेरिया मार्केट कॉम्प्लेक्स, डीएलएफ फेज IV, गुरुग्राम में एक मुफ्त मौखिक स्वास्थ्य जांच शिविर आयोजित किया। इस अभियान का नेतृत्व प्रोफेसर डॉ. शौर्य टंडन ने किया और इसमें इंटर्न्स और सपोर्ट स्टाफ ने मदद की। इस कैंप ने एसोसिएशन के लगभग 75 सुरक्षा गार्ड और हाउसकीपिंग सपोर्ट स्टाफ के बीच विभिन्न दंत रोगों, उनकी शुरुआती पहचान और रोकथाम के बारे में जागरूकता बढ़ाई। मार्केट कॉम्प्लेक्स की दुकानों में काम करने वाले कई सपोर्ट स्टाफ ने भी इस गतिविधि के लाभ उठाए। सामान्य स्वास्थ्य के महत्वपूर्ण हिस्से के रूप में मौखिक स्वास्थ्य को उजागर करते हुए और समाज की मौखिक स्वास्थ्य की मूल जरूरतों पर जोर देते हुए, जरूरतमंद मरीजों को टूथब्रश, टूथपेस्ट, माउथवॉश और दवाइयां वितरित की गईं।

GALLERIA CONDOMINIUM ASSOCIATION

Date : 17-08-2026

To,

Department of Public Health Dentistry
SGT Dental College, Hospital & Research Institute
SGT University, Gurugram

**Subject - Appreciation letter for organizing Free Dental Check-up
Camp at Galleria Market, Gurugram**

We sincerely thank the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, Haryana, for conducting a free dental camp on 17-08-2026 in collaboration with the Galleria Condominium Association, Gurugram. We appreciate the efforts of Dr. Shourya Tandon, Professor who led the team of members along with other postgraduates, interns and support staff.

The event was a profound success in enhancing and enriching the understanding of all the Association members, our Staff Members and other visitors to the market complex, about the importance of Oral Health care. The Dental team also demonstrated brushing techniques and distributed free samples of toothpastes, toothbrushes and necessary medicines to our Staff Members and needy people.

We are highly obliged for the contribution and look forward for the same in future as well.

With Regards and Best Wishes

Secretary

Neerja Gorawara

For Galleria Condominium Association

Secretary

Annexure 9

Conclusion

The camp was able to accomplish its goals of raising community awareness of oral health issues and offering vital dental care. People who needed advanced dental care were referred to the main campus Dental Clinics with Yellow Referral Slip through which they would be able to avail waivers on their nominal payments towards various dental procedures. Sample Toothpastes, Mouthwashes and Toothbrushes were distributed out of goodwill to all the school children and others who were examined at the camp. Good Oral Health Message Merchandise was awarded to Good Oral Hygiene Children and others.

Annexure 10
Acknowledgment

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to DLF Galleria Market Association, Gurgaon and the management and people, for their cooperation and active participation in this noble endeavor. We acknowledge the dedicated efforts of the faculty members, postgraduate students from other departments, interns and support staff members from the Department of Public Health Dentistry, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

02:30 – 02:45 PM	Interactive Session and Distribution of Oral Hygiene Kits
02:45 – 03:00 PM	Group Photograph
03:00 PM onwards	Departure

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

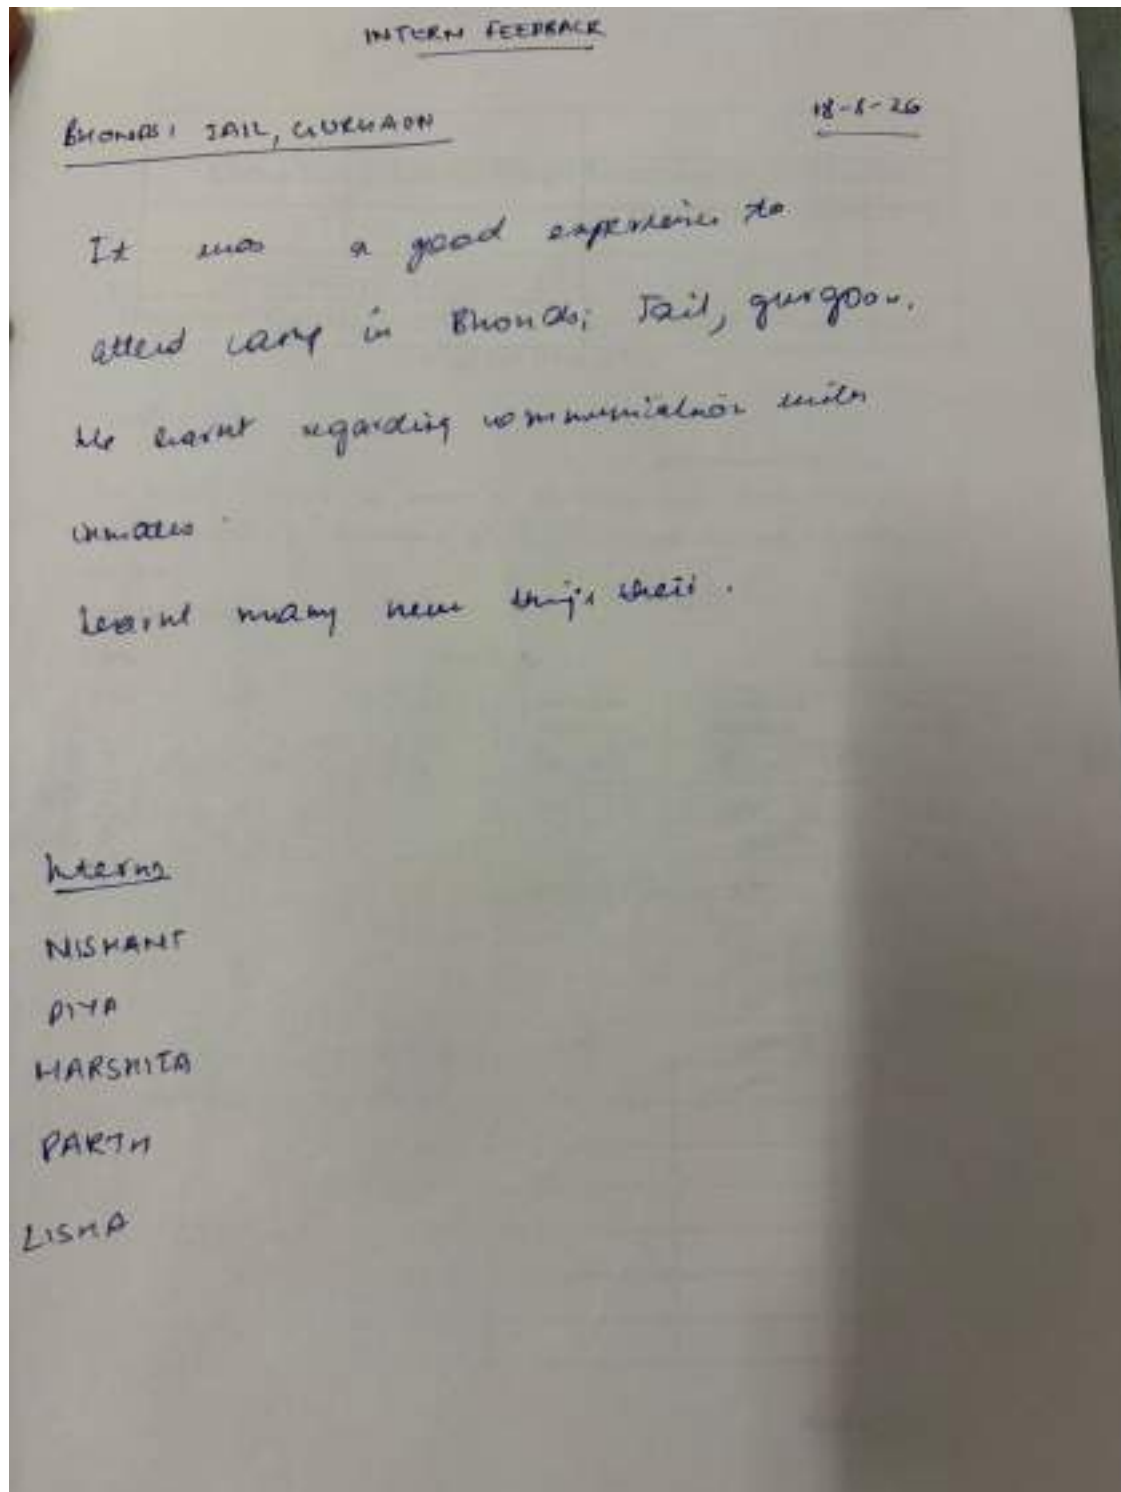

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE V-FEEDBACKS

Feedback by Interns

ANNEXURE VI- PHOTOS (GEOTAG) AS ATTACHMENT

Group photograph of team participants

ANNEXURE VII- CONCLUSIONS

The camp activity organized at **Bhondsi Jail, Gurgaon** successfully fulfilled its objective of promoting oral health awareness, delivering preventive dental care. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE VII-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful

ANNEXURE 4- EVENT HIGHLIGHTS

The **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized a **dental health screening camp on 18th Aug, 2026 at Rahuka, Haryana**. The initiative aimed to promote oral health awareness.

A total of **approximately 14 patients** were screened, of whom **04 were males and 10 were females**. The team conducted **oral hygiene education sessions**, including **demonstrations of correct tooth-brushing techniques**, and the **importance of maintaining good oral hygiene**.

All the patients who required any kind of dental services **were referred to SGT Dental Hospital** with **concessional referral slips**.

The camp successfully enhanced oral health awareness, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of interns**, providing them valuable **field-based public health practice and experiential learning opportunities**.

ANNEXURE 5- EVENT BANNER

ANNEXURE 6- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize the residents of the Rahuka about the importance of maintaining good oral hygiene, the need for regular dental check-ups, and the connection between oral health and overall well-being.

- **Education on Oral Hygiene Practices:**

Residents of the Rahuka received practical demonstrations on effective toothbrushing techniques, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common dental conditions such as dental caries, gum diseases, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the residents of the Rahuka, the event bridged the gap between healthcare providers and a vulnerable.

- **Intern Engagement:**

The event served as a valuable experiential learning opportunity for Intern students, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE 7-FEEDBACKS

Date - 18/09/2023

→ Interview Feedback

Location - Raipur, Chhattisgarh.

This camp was a good experience for us as an intern. It provided a unique opportunity to step out and engage directly with the community. Camp also helped us to develop important skills, communication & teamwork were essential.

Interview - Srishti
Haryash

ANNEXURE 8- PHOTOS (GEOTAG) AS ATTACHMENT

Oral Screening at Rahuka, Haryana

ANNEXURE 9- CONCLUSION

The Oral Health Screening at Rahuka, Haryana successfully fulfilled its objective of promoting oral health awareness and delivering oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth among residents of the village. In the end Oral Hygiene kits comprising Toothbrushes and Toothpastes were distributed.

ANNEXURE 10-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized a dental camp on **18th Aug, 2026 at Rahuka, Haryana.**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, extends heartfelt gratitude to all individuals and organizations whose support made the event a success. We express our Special thanks to the residents of the **Rahuka, Haryana** for their cooperation and active participation in this noble endeavor.

The initiative took place under the guidance of Dr. Meenakshi Chopra (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by interns- Sristi, Harshita and Supporting Staff – Mr. Aparn.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities. With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

EVENT HIGHLIGHTS

On 21st August 2026, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized an Outreach **Activity- Oral Health Check Up Camp at Lagarpur, Jhajjar, Haryana.**

The event aimed to promote oral hygiene awareness and provide preventive and curative dental services at outreach set-up.

Screening of total **28 patients (males- 10; females-18)** were done in the camp. Dental treatment (5 patients - Scaling & Root Planning) was done in the Mobile Dental Van The team conducted **demonstrations of correct tooth-brushing techniques, oral hygiene education sessions**, as well as **one-to-one consultations**, followed by the **oral health education talk** on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth. This outreach activity encouraged everyone to develop the **importance of adapting good oral hygiene in everyday practices.**

The camp successfully enhanced oral health awareness among the participants, emphasizing the university's ongoing commitment to community outreach and preventive dental care. There was **active participation of all the team members**, providing them valuable **field-based public health practice and experiential learning opportunity.**

ANNEXURE – 5

OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to promote oral hygiene awareness via outreach activity. The initiative aimed to promote oral health awareness and provide preventive and curative dental services at outreach set-up. In end the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being was delivered.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the dental team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, enabling timely referrals for further management.

- **Preventive and Basic Treatment Services:**

The team conducted demonstrations of correct tooth-brushing techniques, oral hygiene education sessions, as well as one-to-one consultations, followed by the oral health education talk on correct brushing techniques, the right choice of toothbrush and toothpaste, and the importance of maintaining a balanced diet for healthy teeth.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and awareness leaflets were distributed to promote continuity of oral hygiene practices.

- **Improved Access to Oral Health Services:**

By bringing dental screening to the participants of on **21st August 2026**, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University organized an Outreach **Activity- Oral Health Check Up Camp at Lagarpur, Jhajjar, Haryana in collaboration with SGT Publicity Team.**

The event bridged the gap between healthcare providers and the patients who are in need of oral health checkup.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world.

CONCLUSION

On 21st August 2026, the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University, Gurugram, Haryana, in collaboration with the Publicity Team, organized a free oral health check-up camp at Lagarpur, Jhajjar, Haryana.

This camp was conducted under the guidance of Dr. Navodita Jamwal, Assistant Professor, Dept. of Public Health Dentistry.

The camp promoted awareness about various dental diseases, their early diagnosis, and its preventive care among patients of diverse age groups. Tailored oral health education was also provided according to the patient treatment needs, highlighting the importance of preventive dental care and regular follow-ups.

ANNEXURE – 8

ACKNOWLEDGMENTS

On 21st August 2026, the **Department of Public Health Dentistry**, Faculty of Dental Sciences, SGT University, organized an **Outreach Activity- Oral Health Check Up** at **Lagarpur, Jhajjar, Haryana**.

The dental team was headed by **Dr. Navodita Jamwal** (Assistant Professor, Dept. of **Public Health Dentistry**).

Other members of the team included, **Dr. Falguni** – MDS Post Graduate Student from the **Department of Prosthodontics, Crown & Bridge and Implantology**

Dr. Yash - MDS Post Graduate Student from **Oral Medicine & Radiology**; interns namely **Lisha, Dia and Priyanshi Malhotra** and **Mr. Devesh**, the supporting staff.

Our department extends gratitude to each member whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

ANNEXURE III- EVENT HIGHLIGHTS

- Comprehensive oral health screening of residents by the team from the Department of Public Health Dentistry
- Personalized consultations offering advice on oral hygiene maintenance, denture care, and dietary habits.
- Awareness session on the importance of oral health in maintaining overall systemic health among students.
- Distribution of oral hygiene kits including toothbrushes, toothpaste, and educational pamphlets.
- Interactive and recreational activities to foster emotional connection and well-being among the students.
- Collaborative effort between SGT University promoting social responsibility and community engagement.
- Student participation and experiential learning through field-based public health practice.

ANNEXURE IV- EVENT POSTER/BANNER/INVITATION CARD/LETTER

ANNEXURE V- OUTCOMES / IMPACT

- **Enhanced Oral Health Awareness:**

The event aimed to sensitize older adults about the importance of maintaining good oral hygiene, regular dental checkups, and the relationship between oral health and general well-being.

- **Education on Oral Hygiene Practices:**

Participants received practical demonstrations on effective toothbrushing techniques, denture hygiene maintenance, and use of appropriate oral hygiene aids.

- **Early Detection of Dental Problems:**

Through oral screening, the team identified common age-related dental conditions such as dental caries, gum diseases, oral mucosal lesions, and denture-related issues, enabling timely referrals for further management.

- **Promotion of Healthy Dietary Habits:**

Counseling sessions emphasized the importance of a balanced, non-cariogenic diet to maintain both oral and general health among the elderly.

- **Distribution of Oral Hygiene Kits:**

Toothbrushes, toothpaste, and medicines were distributed to promote continuity of oral hygiene practices at home.

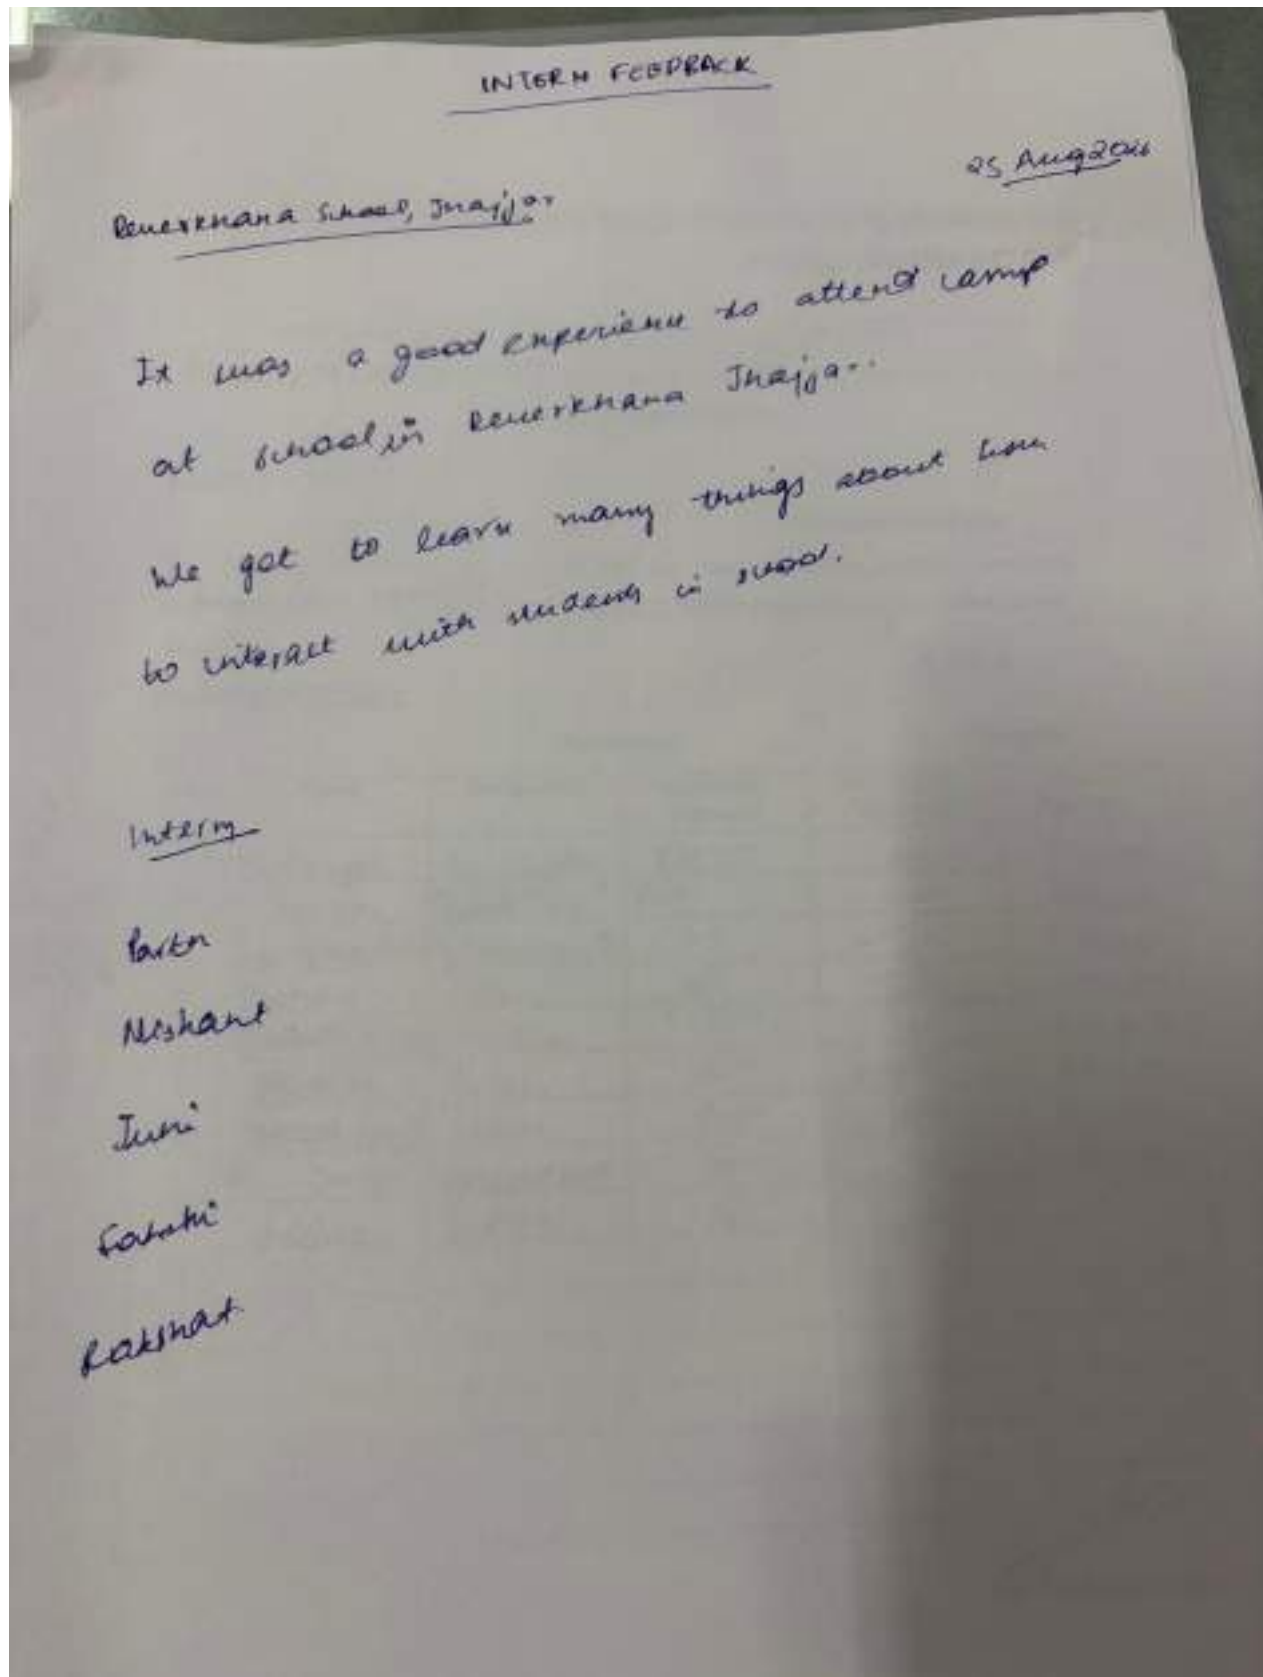

- **Improved Access to Oral Health Services:**

By bringing dental screening and preventive care directly to the old age home, the event bridged the gap between healthcare providers and a vulnerable, underserved population.

- **Student and Faculty Engagement:**

The event served as a valuable experiential learning opportunity for dental students and faculty, enhancing their understanding of oral health challenges in real- world settings.

ANNEXURE VIII- CONCLUSIONS

The camp activity organized at **Deverkhana, Gurgaon** fulfilled its objective of promoting oral health awareness, delivering preventive dental care. The event created a meaningful impact by empowering residents with essential knowledge on maintaining oral hygiene, enabling early detection of dental issues, and providing easily accessible basic treatment services within their community setting.

ANNEXURE IX-ACKNOWLEDGMENTS

The Department of Public Health Dentistry, **Faculty of Dental Sciences, SGT University**, extends heartfelt gratitude to all individuals and organizations whose support made the outreach activity a success.

We express our sincere appreciation to the **University Management** for their continuous encouragement and institutional support in promoting community outreach initiatives.

We acknowledge the dedicated efforts of the **faculty members, postgraduate students, interns, and undergraduate volunteers** from the Department of Public Health Dentistry, whose enthusiasm and teamwork ensured smooth coordination and successful execution of all activities.

Gratitude is also extended to the **supporting staff** for their logistical assistance, setup, and on-ground arrangements throughout the event.

Lastly, we thank all **participants and residents** for their active involvement, warm interaction, and trust, which truly made this event meaningful and impactful.
