treatment in Mobile Dental Van and referral of complex treatment cases to SGT Dental Hospital.

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 23rd March 2022 at village Aklampur, Sohna, Gurugram in association with SGT Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Tanvi Bhardwaj (Senior Lecturer) along with one faculty Dr. Raghu (Conservative and Endodontics), Three post-graduate students, Dr. Taruna (Pedodontics), Dr. Poonam (Prosthodontics) and Dr. Pratishtha (Oral and Maxillofacial Surgery), 4 interns, Nancy, Mallika, Nayanika, Manya and 2 attendants, Mr. Sunil and Mr. Rajkumar. Total 59 patients were examined and 19 patients were treated in Mobile Dental Van, SGT University which included 16 scalings, 2 restoration and 1 extraction. Patients who required complex dental treatment were referred to SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were content with the treatment provided in the camp. The interns and other dental specialists appreciated the opportunity provided to them to work in an outreach location and expressed their wish to participate in such activities in the future.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of Aklampur village, Gurugram, from all age groups. The working population is primarily engaged in service. Fifty Nine people including eleven children, came forward for their Dental Check up out of which 20 were males and 39 were females. Both adults and children were given demonstration for brushing technique. Majority of the patients had dental caries and periodontal problems including gingivitis and periodontitis. Many old-aged people complained about missing teeth and were willing to get replaced with prosthesis. Children reported with dental caries and orthodontic issues. A few patients were tobacco consumers and were given cessation counselling.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the people of Aklimpur Village. Proper brushing technique was demonstrated to educate the population regarding importance of proper oral hygiene maintenance, which created an interest among the population, especially children. Tobacco Cessation Counselling was given to tobacco users. Fifty Nine patients were examined and nineteen patients were treated in the mobile dental van and others were motivated to get the required treatment done from SGT Dental College and Hospital. Specialist Clinical support was provided by Department of Conservative and Endodontics, Pedodontics, Prosthodontics and Oral Surgery. 15 patients reported to the Dental College for further treatment procedures. The Interns got exposure to performing examination method and basic dental procedures and delivering health talks and demonstrating brushing technique in a rural setting while realizing the importance of good teamwork and soft skills related to patient management.

7. Objective of the Activity:

- To promote World Oral Day 2022- Be Proud of your Mouth
- To create awareness about importance of oral health and routine oral care among village members
- To provide treatment In Mobile Dental Van
- To refer patients to SGT Dental Hospital who required complex dental treatment.

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The department of Public Health Dentistry of Faculty of Dental Sciences, SGT University organized an oral health screening and treatment program on March 25, 2022 at Wazirabad village, Sec-52, Gurugram collaborating with Faculty of Medical Sciences, SGT University.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head). The Dental team was headed by Dr. Charu Khurana (Assistant Professor), along with 4 postgraduate students- Dr. Isha, Dr. Nishtha, Dr. Sanjoli and Dr. Aishaan from different clinical departments Intern and 4 interns- Meera, Manisha, Neha and Ranika and 2 Attendants (Mr. Rajkumar and Mr. Sunil). The dental camp started at 11:00 am and continued till 2:00 pm.

During the Outreach activity, Oral health status of 42 villagers was examined. The team imparted the importance of oral health, routine oral hygiene instructions to them and also demonstrated brushing techniques. Around 21 patients were provided oral prophylaxis in the mobile dental van. All the Villagers expressed gratitude for the visit and pledged to take care of their oral hygiene habits in future.

(Dept of Oral & Maxillofacial Surgery)
I visited village Harasaru with my co-ops.
Camp was very well held. & was informative
at a same time.
It was a very nice experience.

Dr. Ajit Ghosh FEEDBACK (Dr. PGs + Interns) - 31/10/2022
ANAND GARDEN.

The camp has been organized very systematically and the asepsis control and sterilization protocol have been maintained as per ~~some~~ guidelines.

Meera

I got to see many.

The camp organized was really nice.
The patient influx was also good.
Had a great experience.

Anshu

The camp do indulge us in the serving the patients beyond clinics, It do provide us with the opportunity of building trust of the patients towards dental treatment. Overall it was a great learning experience.

Dr. Ajay Datta

Camp was well organized. It would be highly appreciated if you could provide us with torch light for intraoral examination. Had a great experience.

Sonu

It was very good learning experience.
The camp has been organized very well.

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 4th April 2022 at village UnchaMajra, Pataudi, Gurugram in association with SGTU publicity team. The dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Department & Associate Dean). The Dental team was headed by Dr. Sachin Chand (Department of Public Health Dentistry) along with Interns Mallika, Manya, Nayanika and 1 attendant Mr. Sombir. A total of 11 patients including 5 males and 6 females were examined. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral health education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The general population gave positive feedback and appreciated the check up and patient care provided by the dental team. They acknowledged the way the dental team heard and attended to their problems with compassion. The purpose of the oral health check-up was to create awareness among the community and make them understand the importance of oral health

9. Number & Description of Beneficiaries:

Beneficiaries were residents of village UnchaMajra, Pataudi, Gurugram from all age groups. Total population of the village was approximately 6000 which include 3000 males & 3000 females. There are 2 schools in the village. Main occupation of the villagers is agriculture followed by job

Total people examined: 11 out of which 5 were males and 6 were females. 11 patients were referred to SGT dental hospital for their treatment. Majority of the patients had periodontal problems including gingivitis and periodontitis & dental caries

SGT UNIVERSITY

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 5TH April 2022 at village Garhi in association with SGT Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Tanvi Bhardwaj (Assistant Professor) along with 2 interns, Shubham and Kashika and 1 attendant, Mr. Sombir. Total 24 patients were examined and patients who required dental treatment were referred to SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were content with the screening service provided in the camp. The interns appreciated the opportunity provided to them to work in an outreach location and expressed their wish to participate in such activities in the future.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of Garhi village, from old age groups with a few children. The working population is primarily engaged in service. Twenty four people including four children, came forward for their Dental Check up out of which 13 were males and 11 were females. Both adults and children were given demonstration for brushing technique. Majority of the patients had dental caries and periodontal problems including gingivitis and periodontitis. Many old-aged people complained about missing teeth and were willing to get replaced with prosthesis. A wide percentage of the people (both men and women), reported as tobacco users, mainly bidi and hukka smokers, who were separately motivated for quitting the habit .

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

10. Outcome of the Activity & its relevance to Health Sciences:

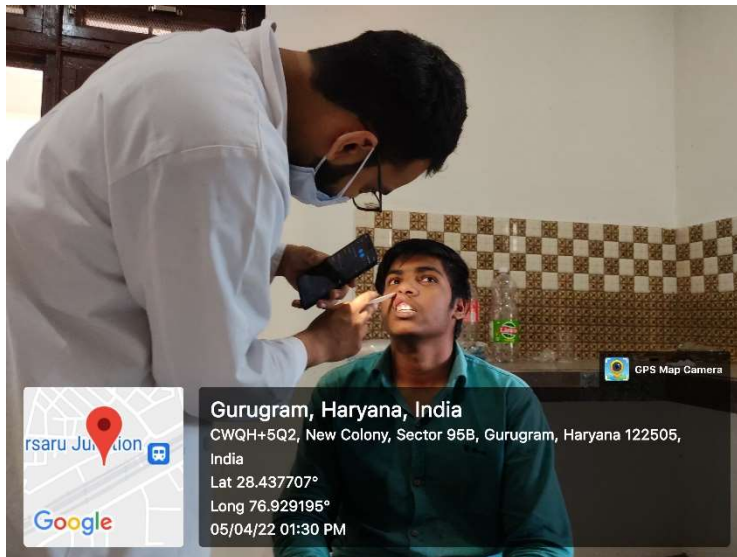

The activity was well appreciated by the people of Garhi Village. Proper brushing technique was demonstrated to educate the population regarding importance of proper oral hygiene maintenance, which created an interest among the population, especially children. Twenty four patients were examined and were motivated to get the required treatment done from SGT Dental College and Hospital. Nine patients reported to the Dental College for further treatment procedures. The Interns got exposure to performing examination method and delivering health talks and demonstrating brushing technique in a rural setting while realizing the importance of good teamwork and soft skills related to patient management.

INTERNS FEEDBACK

7/07/2021

Experience of the camp was very good and informative. I learnt a lot of things like how to manage a lot of patients in limited time.

- This camp was very good in terms of preparing us for handling a large no of patients in a limited period of time. The expose to so many patients itself was very informative.

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 7th April 2022 on the occasion of world health day at ward no 2, Pataudi in association with SGTU publicity team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Dept & Associate Dean). The Dental team was headed by Dr. Abhinav Bhargava along with Interns Mahima Shokhanda and M Aditi Rao and attendant Mr. Sombir. A total of 13 patients including 8 males and 5 females were examined. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral health education was imparted to the people. The population was explained about the theme of world health day our planet our health and the association between the health of our planet and human health including oral health. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of ward no 2 Pataudi from all age groups. The working population is primarily engaged in business and service sector. 13 people came forward for their Dental Check up out of which 8 males and 5 were females. Children were given demonstration for brushing technique. Majority of the patients had Gingiva and Periodontium related problems including extrinsic stains, calculus, gingivitis and periodontitis. Geriatric population had problem of edentulousness. Younger population had Dental Caries Predominantly. Small Children had Problem of Early Childhood Caries. A fragment of population was of tobacco chewers who were separately motivated for quitting the habit.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the people of all age groups. Proper brushing technique was demonstrated to educate the population regarding importance of proper oral hygiene maintenance. Thirteen patients were examined. The villagers were satisfied with the diagnostic and oral health consultation services provided at the camp and were convinced to avail advanced treatment procedures at the Faculty of Dental Sciences. The Interns worked in Tandem with the Faculty member and organising team and learnt the nuances of working at a rural setting while realizing the importance of good teamwork and soft skills related to patient management at a rural setting

8. **Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken**

The Department of Public Health Dentistry (PHD) and Department of Pediatric and Preventive Dentistry of Faculty of Dental Sciences, SGT University organized an oral health screening and treatment program on 9th April 2022 at the Blind Relief Association, Delhi under the banner of “Samajik Vikas, SGT Ka Prayas”.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head) of the PHD department. The Dental team was headed by Dr. Anil Gupta (Prof and Head) in the Pedodontics department Dr. Charu Khurana (Assistant Professor) PHD department, along with 2 postgraduate students- Dr. Vinnie from Endodontics department, Dr. Rinnie from Pedodontics department along with 5 interns- Shubham, Lakshay, Lakshay Madan, Gunjan, Elakshi and 2 Attendants (Mr. Rajkumar and Mr. Sunil). The dental camp started at 10:30 am and continued till 2:00 pm.

During the Outreach activity, Oral health status of 126 visually impaired children and adults was examined and 52 Dental procedures were provided to attendees in our state of the art Mobile Dental Van. The department considers this group of population as a special one as their limitations have always led to their compromised oral health status. The team also imparted the importance of oral health, routine oral hygiene instructions to all the attendees at the camp in the form of Braille language manuscripts.

Oral hygiene products support for all the attendees was provided by Colgate Palmolive Pvt. India Ltd. Special thanks to Mr. Zia who represented the firm which provided the support for the same. The department of Public

- To provide basic treatment at the camp site to provide immediate care to the patients
- To motivate the population to avail advanced oral health services being offered at Faculty of Dental Sciences

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 10th April 2022 (Sunday) at shiv mandir chowk, Gurugram in association with SGTU Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Abhinav Bhargava (Assistant Professor, Department of PHD along with 4 postgraduates Dr. Mehak (Periodontics), Dr. Vishal (Prosthodontics), Dr. Arijit (Endodontics) and Dr Isha (oral surgery) 5 interns- Geetanjali, Himadri , Bobby, Pooja Verma and Bharti Sharma and 1 attendant Mr. Sunil . A total of 63 patients were examined which included 43 males and 20 females. Of which 24 patients were provided treatment (20 oral prophylaxis, 1 restoration, 3 extractions) in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to both adult and child patients. The general population gave positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns and postgraduates appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

9. Number & Description of Beneficiaries:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

The Beneficiaries were residents of Rajiv Nagar from all age groups. The working population is primarily engaged in Service sector and small time businesses. 63 people came forward for their Dental Check up out of which 43 males and 20 were females. 24 were provided basic treatment. School children were given demonstration for brushing technique. Majority of the patients had periodontal problems including gingivitis and periodontitis. Younger population had Dental Caries Predominantly. A fragment of population was of tobacco chewers who were separately motivated for quitting the habit .

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the people of all age groups. Proper brushing technique was demonstrated to educate the population regarding importance of proper oral hygiene maintenance. Twenty Four patients were examined and thirteen were given basic treatment at the camp site. The villagers were satisfied with the diagnostic and treatment services provided at the camp and were convinced to avail advanced treatment procedures at the Faculty of Dental Sciences. The Interns Post graduates worked in Tandem and learnt the nuances of working at a rural setting in a mobile setting while realizing the importance of good teamwork and soft skills related to patient management at a rural setting

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 16th April 2022 at village Dhichaon Kalan, Najafgarh in association with Dr. Twinkle under ALUMNI CONNECT INITIATIVE. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Tanvi Bhardwaj (Assistant Professor) along with four post-graduate students, Dr. Nishant (Pedodontics), Dr. Virtika (Prosthodontics), Dr. Sapna (Endodontics) and Dr. Pratishtha (Oral and Maxillofacial Surgery), 4 interns, Gunjan, Komal, Lakshay Madan and Lakshay Tuteja and 2 attendants, Mr. Sunil and Mr. Rajkumar. Total 61 patients were examined and 20 patients were treated in Mobile Dental Van, SGT University which included 16 scalings, 1 restoration and 3 extractions. Patients who required complex dental treatment were referred to SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were content with the treatment provided in the camp. The interns and other dental specialists appreciated the opportunity provided to them to work in an outreach location and expressed their wish to participate in such activities in the future.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of Dhivhaon Kalan village, Najafgarh from all age groups. The working population is primarily engaged in service. Sixty-one people including 28 children, came forward for their Dental Check up out of which 29 were males and 32 were females. Both adults and children were given demonstration for brushing technique. Majority of the patients were school going children, reported with dental caries and middle aged people were found to have dental caries and periodontal problems including gingivitis and periodontitis, whereas many old-aged people complained about missing teeth and were willing to get replaced with prosthesis. A few of the people (both men and women), reported as tobacco users, who were separately motivated for quitting the habit

SGT UNIVERSITY

6. *Objective of the Activity: To create awareness among the rural population about common oral diseases and to Promote Dental Health.*

7. *Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken: An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 17th April 2022 (Sunday) at sector 6, Gurugram in association with SGTU Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Meenakshi Chopra (Associate Professor, PHD department) along with 2 postgraduates and 6 Interns and 2 attendants from PHD department. A total of 61 patients were examined which included 26 males and 35 females. Of which 25 patients were provided treatment (25 oral prophylaxis) in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to both adult and child patients. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.*

- To create awareness about importance of oral health and routine oral care among the individuals in the Pataudi village
- To refer patients to SGT Dental Hospital who required complex dental treatment

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The department of Public Health Dentistry of Faculty of Dental Sciences, SGT University organized an oral health screening and treatment program on April 18, 2022 at Pataudi Village collaborating with publicity team SGTU, Medical Superintendent, SGT Medical Hospital & Faculty of Medicine & Health Sciences SGT University.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head). The Dental team was headed by Dr. Charu Khurana (Assistant Professor), along with 2 Interns Ms. Aditi and Ms. Khushvinder and 1 Attendants (Mr. Sombir). The dental camp started at 11:00 am and continued till 2:00 pm.

During the Outreach activity, Oral health status of villagers were examined. The team imparted the importance of oral health, routine oral hygiene instructions to people and also demonstrated brushing techniques. Dental team also made people aware about consequences of tobacco consumption and motivated tobacco users to quit tobacco for a healthy lifestyle.

The villagers expressed gratitude for the visit and pledged to take care of their oral hygiene habits in future.

9. Number & Description of Beneficiaries:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

Total patients examined: 15

Males: 09

Females: 06

10. Outcome of the Activity & its relevance to Health Sciences:

All patients were referred to SGT dental hospital for their further treatment procedures. Organizing such outreach activities helps to reach to the individuals living in remote areas and suffering from oral diseases. This dental camp provided information and created awareness in the community and also motivated patients to get themselves treated and lead a healthy life.

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 20th April 2022 at Village Sakatpur, Gurugram in association with SGT Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Tanvi Bhardwaj (Assistant Professor) along with three post-graduate students, Dr. Manmeet (Periodontics), Dr. Kusum (Prosthodontics) and Dr. Geetu (Oral and Maxillofacial Surgery), 4 interns, Divya, Gauri, Muskaan and Pragya and 1 attendant, Mr. Sunil. Total 35 patients were examined and 4 patients were treated in Mobile Dental Van, SGT University. Patients who required complex dental treatment were referred to SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. The interns and other dental specialists appreciated the opportunity provided to them to work in an outreach location and expressed their wish to participate in such activities in the future.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of Sakatpur village, Gurugram from all age groups. The working population is primarily engaged in service. Thirty-five people including twenty two children, came forward for their Dental Check up out of which 19 were males and 16 were females. Both adults and children were given demonstration for brushing technique. Majority of the patients were children, reporting with dental caries and rest adults and old aged people reported with periodontal problems including gingivitis and periodontitis.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the people of Sakatpur Village. Proper brushing technique was demonstrated to educate the population regarding

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

importance of proper oral hygiene maintenance, which created an interest among children. Thirty five patients were examined and four patients were treated in the mobile dental van and others were motivated to get the required treatment done from SGT Dental College and Hospital. Specialist Clinical support was provided by Department of Prosthodontics, Periodontics and Oral Surgery. 9 patients reported to the Dental College for further treatment procedures. The Interns got exposure to performing examination method and basic dental procedures and delivering health talks and demonstrating brushing technique in a rural setting while realizing the importance of good teamwork and soft skills related to patient management.

7. *Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken: Department of Public Health Dentistry of Faculty of Dental Sciences, SGT University celebrated the International Earth Day, 2022 on 21st April 2022 at Kota Khandewla Village, Gurugram. International Earth Day is celebrated around the world on 22nd April. This is*

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

important day that raises awareness about the environment and global commitment to make the planet better. The first Earth Day was proposed by John MC Connell in 1970. Now we have celebrated Earth Day, 2022 with the theme "Invest in our planet". The Key point was to act in a bold way, innovate in broad way and implement in equitable manner. Keeping this mind Academic Association organised an oral health screening program to promote understanding of important environmental issues and how it is related to your general health and oral health. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean) and Dr. Abhinav (Advisor, Innova 8 Oral Health Care). The Dental team was headed by Dr Meenakshi Chopra (Co-Advisor, Innova 8 Oral Health Care) along with student members of Innova 8 Oral Health Care- 1 attendant. A total of 23 patients including 1 male and 22 females were examined. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral health education was imparted to the people and promoted how to maintain harmony with nature and earth. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

Feedback

24/4/2022

Treatment of Teeth (Scaling)
has been done. I quite satisfied
with the treatment. Excellent
Treatment

Thank

Manish

Very Good

Manish

Manojcet अपने दातों की सफाई कराई. उनका दातों
दांत अब साफ हो गया है।
