REPORT
WORLD ORAL HEALTH DAY 2024
CELEBRATIONS

World Oral Health Day 2024 campaign kicked off with a theme on ‘A Happy Mouth is A Happy Body’ for your happiness and well-being and encourages everyone to get involved.

World Oral Health Day (WOHD) is a global observance day celebrated every year on 20th March with a motive to raise awareness of oral health and prevention of oral diseases. FDI World Dental Federation launched this day in 2013 as a flagship forum to discuss and talk about dental care and oral hygiene all over around the world.

The department of Public Health Dentistry, SGT Dental College, Hospital and Research Institute, SGT University, Gurugram observed WOHD with a series of outreach activities on oral health promotion and awareness campaign from 1st March 2024 – 5th April 2024 , Webinars by Subject Experts and Scientific & Awareness Events for the students of the dental college. The outreach programs were organized daily at different peripheral locations to accomplish the motto of FDI. The idea of these activities was to reach the maximum possible target populations within this month long celebration. We were able to reach school children, rural & urban populations and specially abled population of vision impaired children.

The camps included, dental check-up, talks on importance of oral health, oral hygiene instructions, ill effects of tobacco consumption, demonstration of skills for using different oral hygiene aids, distribution of IEC materials and performance of skits/street play by dental students. All the dental patients were provided treatment in the Mobile Dental Van and referred to SGT Dental Hospital for further complex dental procedures if required.

Apart from the outreach activities, In-campus of the University, all the employees (Teaching and Non teaching) were motivated to come forward for their dental check up and learn essential oral hygiene routine during the WOHD month.

Dental faculty members, Postgraduate students and undergraduates of the faculty were all involved in these activities to make World Oral Health Day 2024 a huge success.

A HAPPY MOUTH IS... A HAPPY BODY

DENTAL

PHOTOGRAPHY

COMPETITION

In a collaborative way, so as to know the perspective of oral health particularly by oral health professionals, Department of Public Health Dentistry on the occasion of "World Oral Health Day celebration" organized a dental photography competition. With the theme "Oral Health Through the Eyes of Oral Health Professionals," the competition aimed to showcase the beauty of dentistry, raise awareness about

oral health, and see creativity within the dental community.

Participants were encouraged to submit original photographs that depicted oral health in unique and creative ways or to represent their academic life with respect to dentistry in creative ways. Whether capturing the intricacies of dental procedures, emphasizing preventive measures, or portraying the impact of oral health on overall well-being, the submissions were expected to convey compelling narratives through imagery. Harshit Sachdeva (Intern) submitted a picture of a visit to Primary Health Care secured first prize followed by Jyotsana Thakur (Intern) who submitted a picture of one of her clinical cases secured second prize and Kanchan Yadav (Intern) who submitted a picture depicting happiness of her patient after receiving complete denture

secured third prize.

The dental photography competition happened to involve students from different years harnessing the creativity and expertise of oral health professionals to shine a spotlight on oral health. By harnessing the power of imagery, the competition not only celebrated the artistry within dentistry but also underscored the crucial role of oral health in overall well-being. Looking ahead, we remain committed to organizing similar initiatives to continue promoting oral health awareness and implementing the element of creativity within the dental community.

The "Healthy Smile Recipe" competition was organized to celebrate World Oral Health Day, 2024 month-long celebrations and promote the importance of oral hygiene through proper nutrition. The event aimed to educate participants about the link between diet and oral health and provide practical tips and recipes for maintaining healthy smiles.

The competitions attracted a diverse group of participants, including individuals of all ages interested in learning

about oral health and nutrition. The participants included BDS UG and postgraduate students.

The "Healthy Smile Recipe" competition was a resounding success, providing participants with valuable knowledge and practical skills to enhance their oral health through nutrition. By empowering individuals to make informed dietary choices, the event contributed to the promotion of lifelong healthy smiles and wellbeing within the community.

The "Smile Bright: Dental Patient Counseling Video Competition" organized by Department of Public Health Dentistry in the wake of Month-Long celebrations during World Oral Health Day 2024 presented a unique opportunity for undergraduate and postgraduate dental students to showcase their skills in patient counseling while promoting best practices in oral healthcare communication. Through engaging and informative videos, students contributed to enhancing patient satisfaction, compliance, and

overall oral health outcomes. We received an overwhelming response and innovative entries highlighting importance of health among overlooked target groups including pregnant females, geriatric and special healthcare needs population. More than 50 students registered, and entries sent by the dental students were then evaluated by assigned judges to of competition. The competition was successfully concluded with the announcement of winners and a positive message of Let's spread smiles and inspire positive dental experiences!

Good Oral Health Signature Campaign

Satellite Clinics Oral Health Drives Basai Dental Centre, Gurgaon

Blind School Centre, Lodhi Road, New Delhi

As part of the World Oral Health Month- long activities organized by Dept. of Public Health Dentistry, Faculty of Dental Sciences, SGT University, a comprehensive dental screening and treatment program was conducted at the Blind Relief Association, New Delhi on 4th April, 2024 to assess the oral health status of visually impaired children. The activity aimed to identify dental issues, provide early interventions, and empower children with knowledge for maintaining optimal oral hygiene.

To create awareness among them, dental awareness talk was delivered, educating students about common dental ailments. Toothbrushing technique was demonstrated using dentoform model and students were made to practice the same. Each student was assisted by the dental team members during self-practice toothbrushing session.

The program conducted at the Blind Relief Association during the World Oral Health Month activities served as a critical step in assessing the oral health needs of visually impaired children. By identifying dental issues, providing personalized recommendations, and promoting preventive interventions, the screening contributed to advancing the oral health outcomes of its participants. Moving forward, ongoing efforts to prioritize oral health education and accessible dental care are essential for ensuring the well-being of visually impaired individuals and fostering inclusive healthcare practices.

Oral Health Screening and Treatment Activity (Faculty of Dental Sciences)

Title of the Activity: DENTAL CHECK-UP OUTREACH ACTIVITY CAMP – World Oral Health Day

1. Date: 6/3/2024

2. Location of the Activity: Mbasikpur, Gurugram, Haryana

5. E Brochure/Banner (if made)-

6. Objective of the Activity:

To create awareness among the participants about common oral diseases and to Promote Oral Health.

On the occasion of World Oral Health Day, the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Marketing Team organized a dental as well as medical camp (eye check-up) 6/3/2024 at Mubarikpur, Gurugram, Haryana. The dental team took initiative under guidance of Dr. Shourya Tandon (Professor and Head, of Public Health Dentistry).

The dental team was headed Dr. Rahul Ahlawat, 1st year MDS PG from Department of Public Health Dentistry, Interns – Arshia, Isha, Yatharth, Harshita, Kritika along with Attendants – Mr. Sunil, Mr. Devesh. Dental checkup of 14 patients Male – 5, Female – 9, residing in Mubarikpur took place.

Positive feedback was obtained from the patients who visited the health camp. Cases requiring treatment were referred to SGT dental college. All patients were given referral slips. The children got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral health.

Importance of maintaining good and hygienic oral health was verbally delivered to the children by faculty and the interns. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to everyone.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

7. Number & Description of Beneficiaries:

Total-14

Male-5

Female- 9

All the participants who required any kind of dental services were referred to SGT Dental College, Gurugram.

8. *Relevant Photographs with captions (preferably geo-tagged & High-resolution images – to be mailed as separate attachments along with placement in word file also) – 4 to 6 Photographs*

Objective of the Activity:

To create awareness among the people about common oral diseases and to Promote Oral Health.

Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

In celebration of World Oral Health Day 2024, Department of Public Health Dentistry organized a dental camp at Village Jarau, Sundarpur on 14th March, 2024. The camp included nursing and dental team members, under the guidance of Dr. Shourya Tandon (Prof. & Head, Department of Public Health Dentistry). Dr. Rahul (Postgraduate student, Department of Public Health Dentistry) headed the camp along with postgraduate students, interns and support staff.

A total of 62 patients were examined which included 41 males and 21 females. Of which 12 patients were provided treatment in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to both adult and child patients. Toothbrushes, toothpastes, oral mouthwashes were distributed to the needy population.

Number & Description of Beneficiaries:

Total- 62

Male- 41

Female- 21

Outcome of the Activity & its relevance to Health Sciences: 50 Patients were examined, out of which-

- 29 patients were diagnosed with Dental Caries,***
- 20 patients were diagnosed with Periodontal Disease.***

All the patients who required any kind of dental services were referred to SGT Dental College, Gurugram.

Relevant Photographs with captions (preferably geo-tagged & High-resolution images – to be mailed as separate attachments along with placement in word file also) – 4 to 6 Photographs

6. Objective of the Activity:

To create awareness among the children about common oral diseases and to Promote Oral Health.

On the occasion of **WORLD ORAL HEALTH DAY**, The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Marketing Team organized a dental as well as medical camp (eye check-up) on 17 March, 2024 at Geetanjali International School, Sec 57, Gurugram, Haryana

The dental team took initiative under guidance of Dr. Shourya Tandon (Professor and Head, of Public Health Dentistry).

The dental team was headed by Dr. Navodita Jamwal, Assistant Professor, Department of Public Health Dentistry and interns namely Rashi, Paawan, Manasavi, Simran, Preeti Singh, Preeti Kuhad and Kanchan along with Mr Sunil and Mr. Darshan (Attendant). Dental checkup of 32 children (Girls – 20; Boys – 12) from different classes of school took place.

Positive feedback was obtained from many children and their class teachers. Cases requiring treatment were referred to SGT dental college. All patients were given referral slips. The children got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral health.

Importance of maintaining good and hygienic oral health was verbally delivered to the children by faculty and the interns. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the children.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

7. Number & Description of Beneficiaries:

Total-32

Male-12

Female- 20

All the participants who required any kind of dental services were referred to SGT Dental College, Gurugram.

8. Relevant Photographs with captions (preferably geo-tagged & High-resolution images – to be mailed as separate attachments along with placement in word file also) – 4 to 6 Photographs

9. Feedback from Beneficiaries/ Photo of Letter of Appreciation/ Testimonial

19/March/21

PATIENT FEEDBACK FORM
Sector - 57 (Gurgaon).

① I, Chanchal recently attended the SGT university dental camp in Gurukul International School (Gurgaon), I found camp doctors very kind & knowledgeable. Their advise helped me to follow better teeth care.

② I, Pranjali attended SGT university's dental camp in Gurukul International School (Sector-57) Gurgaon. I am very satisfied with doctor's guidance about brushing & cavities. I found all doctors very knowledgeable.

③ I, Priyanka recently attended camp in SGT university in Sector-57 (Gurgaon). I along with my kids get my dental checkup done. I found doctors very cooperative & their advise helped me a lot!

INTERN FEEDBACK

It was a nice experience. Everyone was so cooperative and helpful.

- We promoted oral health awareness among young children.
- The camp helped the children to learn about the importance of maintaining good oral hygiene and provided them with the necessary tools to take care of their teeth.

MJ

- OVERALL THE DENTAL CAMP WAS AN EXCELLENT INITIATIVE.

~~_____~~

- I GOT TO LEARN SO MANY NEW THINGS AND AFTER SCREENING SO MANY PATIENTS, I NOTICED THE REGULAR PATTERN OF ORAL HEALTH PREVALENT IN THAT SCHOOL

Tara

Oral Health Check-up and Treatment Camp (Faculty of Dental Sciences)

**Title of the Activity: Dental Check-up and Treatment Camp along with
Celebration of World Oral Health Day 2024**

Objective of the Activity:

To celebrate World Oral Health Day 2024

To create awareness about importance of oral health and routine oral care among general population

To provide basic treatment to patients in Mobile Dental Van

To refer patients required complex treatment to SGT Dental Hospital, SGT University, Gurugram

Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University celebrated World Oral Health Day 2024 highlighting the theme “A Happy mouth is....a happy body” by organizing Dental check-up and Treatment Camp in collaboration with SGT publicity team on 18th March 2023 (Monday) at Arya Samaj Mandir, Basai Village, Haryana.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. and Head). The Dental team was headed by Dr. Charu Khurana (Reader, Department of Public Health Dentistry) along with 6 BDS Interns Apoorva, Chetan, Tanishka, Sheetal, Vidhi, Kritika along with 2 attendants Mr. Sunil and Mr. Drashan. The dental camp started at 10:30 am and continued till 2:30 pm.

During the Outreach activity, Oral health status of 51 individuals were examined including 18 males and 33 females and 07 patients were provided professional cleaning of teeth in the Mobile Dental Van of SGT University. The team also imparted the importance of oral health, routine oral hygiene instructions to all the attendees at the camp.

The department of Public Health Dentistry also provided the oral hygiene products like Toothpastes, Toothbrushes, Mouthwashes and Basic medicines to the needy ones. The team also distributed information, education and communication materials on healthy oral habits, oral hygiene practices, ill effects of tobacco consumption and other adverse habits.

Number & Description of Beneficiaries:

Total patients examined: 51

Males: 18

Females: 33

Outcome of the Activity & its relevance to Health Sciences:

This dental camp provided created awareness towards importance of good oral health among villagers and motivated them to follow oral hygiene instructions in routine and lead a healthy life. A total of 07 patients were provided treatment of oral prophylaxis. Patients required complex treatment were referred to SGT Dental Hospital, SGT University, Gurugram.

Objective of the Activity:

To create awareness among the people about common oral diseases and to Promote Oral Health.

Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

In celebration of World Oral Health Day 2024, Department of Public Health Dentistry organized a dental camp at Tikli, Gurugram on 20th March, 2024. The event aimed to raise awareness about the importance of oral hygiene and its impact on overall health, aligning with this year's theme, "A Happy Mouth is a Happy Body." The camp included medical and dental team members, under the guidance of Dr. Shourya Tandon (Prof. & Head, Department of Public Health Dentistry). Dr. Surbhi Priyadarshi (Assistant Professor, Department of Public Health Dentistry) headed the camp along with postgraduate students, interns and support staff.

The dental camp witnessed enthusiastic participation from community members of all ages. Several dental issues were identified during the check-ups, allowing for timely intervention and treatment. By addressing these concerns early, the camp contributed to preventing more serious oral health complications. The dental camp organized on World Oral Health Day 2024 was a resounding success, fulfilling its objectives of promoting oral health awareness and providing essential dental services to the community. By emphasizing the message that "A Happy Mouth is a Happy Body," the event contributed to advancing oral health equity and fostering a culture of preventive care.

Intern Feedback

Place: Tikli, Gungunuru

It was an amazing experience to be a part of the camp held in Tikli, Gungunuru.

We get know about how to handle patients, giving them proper diagnosis, clearing their doubts regarding oral health and the treatment required.

We also taught them the right brushing techniques and even about the benefits of oral health care.

We also gave treatment to the patients for example: Oral prophylaxis, ultrasonic scaling, etc.

FEEDBACK 27/3/2024

I, Simran recently visited the SGT University PHD Department camp on . The arrangement for the camp was very great. There was good exposure of patients. We gave patients their required treatment and gave oral hygiene instructions and demonstrated correct brushing technique.

Overall, it was a good learning experience.

INTERN FEEDBACK

PLACE :- KANKROLA

Today I attended camp at Konkrola Village. It was very fruitful experience. I got to interact with a lot of patients & helped them with their problems. It was enlightening exposure to various diseases.
